Are you signed up to Scene 7?

www.purefishing.com/media-portal

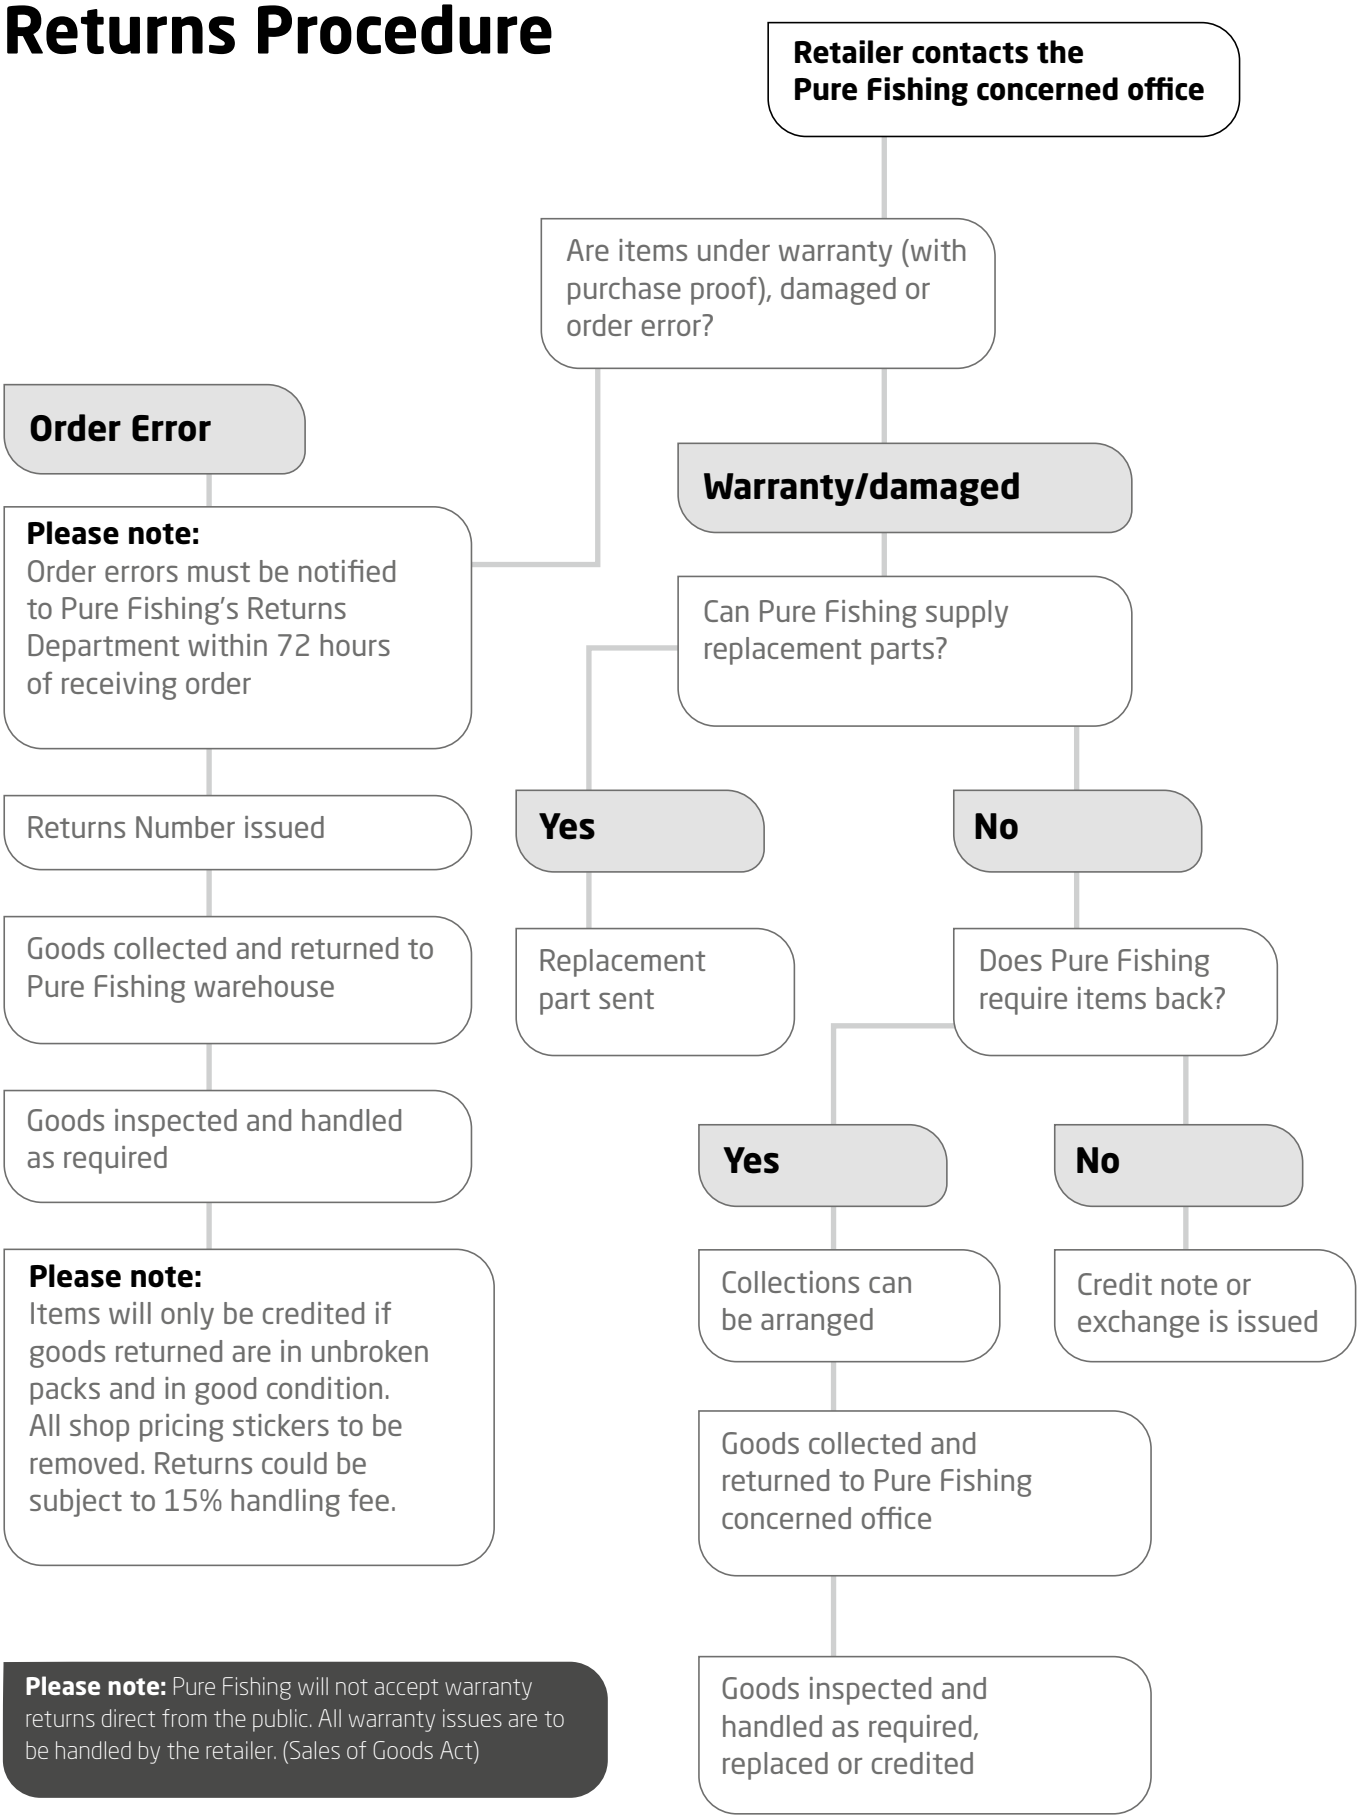

As a Pure Fishing dealer, you can sign up to access Media Portal (also known as Scene 7), which is the asset library we give access to our dealer network, along with other partners. Once registered with the system you can access it from any computer with internet access. Use Media Portal to find and download product and fishing landscape photography and logos for your project in the correct format. You can also download our catalogues as PDFs.

Individual images can be downloaded in a range of formats using our download wizards, and you can create your own collections or albums and download these as a zip file. Photoshop users can download files using the Scene 7 extension, instructions for which are available upon login under Personal Setup.

We are adding to the collection continuously, so Media Portal is the best place to get up to the minute content to help you sell our products.

For customers requiring access to Media Portal please visit
www.purefishing.com/media-portal.

Returns Procedure

Please note: Pure Fishing will not accept warranty returns direct from the public. All warranty issues are to be handled by the retailer. (Sales of Goods Act)

Abu Garcia® Revo Toro® Beast™ Low Profile

For heavy-duty applications, the Abu Garcia® Revo Toro® Beast delivers high performance features specifically engineered for casting larger baits and fighting hard pulling fish. The X2-Cräftic™ alloy frame and sideplates provide a compact lightweight design while the Power Stack Carbon Matrix Drag System™ gives you the drag power to target those stronger fish. The ultimate reel for big pike fishing with big lures.

- 5 stainless steel HPCR™ bearings + 1 roller bearing provides increased corrosion protection
- X2-Cräftic™ alloy frame and sideplate for increased corrosion resistance
- Power Stack Carbon Matrix Drag System™ provides extreme drag pressures combined with unparalleled smoothness
- Duragear™ heavy duty provides increased fighting power and extended gear life
- DuraClutch design provides improved engagement and durability
- Extended bent handle for increased cranking power
- Infini™ brake system allows almost limitless adjustability to handle any fishing situation
- Infini II™ spool design for extended castability and extreme loads
- Extended line guide
- Lube port for easy access maintenance

Abu Garcia® Revo® EXD Low Profile Reel

A continued tradition of precision engineering and performance, the Revo® EXD delivers supreme casting performance. In addition to the 8 HPCR bearings the EXD features 2 custom designed EXD bearings on the spool shaft for effortless casting. Combined with two custom designed ultra light spools, the EXD is designed for high performance casting across a wide range of fishing techniques. THe EXD is the ideal reel to use for baitfinesse (light weight lure baitcasting) techniques. The casting distance and accuracy with light weight lures is outstanding.

- 10 stainless steel HPCR™ bearings + 1 roller bearing provides increased corrosion protection
- 2 EXD bearings in key places
- X2-Cräftic™ alloy frame for increased corrosion resistance
- C6 carbon sideplates provide significant weight reduction without sacrificing strength and durability
- Carbon Matrix™ drag system provides smooth, consistent drag pressure across the entire drag range
- D2 Gear Design™
- Duragear™ brass gear for extended gear life
- DuraClutch design provides improved engagement and durability
- Super light Infini II™ spool
- Ti coated line guide reduces friction and improves durability

Abu Garcia® Revo® X Low Profile Reel

Revo® trusted reliability and performance. Welcome the X to the lineup of the fourth generation of Revo® Low Profiles. Featuring the same forward-thinking design, durability and performance; the Revo® X starts with an X2-Cräftic™ alloy frame for lightweight yet rigid and corrosion resistant frame. Consistent brake pressure is delivered by the MagTrax™ brake system while the Carbon Matrix™ hybrid drag system provides super smooth reliable drag performance. The REVO X Winch reel (1430440) is built for heavy pulling & bigger sized lures. Due to the low gear ratio of that reel it has a higher cranking power: ideal when fishing (deep diving) crankbaits, spinnerbaits and other hard pulling lures.

- 7 stainless steel ball bearings + 1 roller bearing
- X2-Cräftic™ alloy frame
- Carbon Matrix™ hybrid drag system
- Duragear™ brass gear
- D2 Gear Design™
- DuraClutch™ design
- MagTrax™ brake system
- Compact bent handle and star
- Lube port

Abu Garcia® Max DLC

NEW 2020/21

Value-packed power and performance, the Max Digital Line-Counter low profile reel gets the job done day after day with 5 stainless steel ball bearings that provide smooth operation. DLC stands for 'Digital Line Counter', which provides the angler exact information on how far the lure is behind or underneath the boat. This is of great help when trolling or deep water fishing, was the angler knows exactly the depth he is fishing at. 9 kg of drag pressure and a lighted digital line-counter provide accuracy and power for a variety of situations. The addition of a bent handle and drag star translates into a more ergonomic feel for all day comfort.

- Lighted Digital Line counter
- Dura brass Gears
- Multi disc drag system
- 5 Ball bearings
- Compact bent handle and star
- DTT warning system (Distance to Tip)

Abu Garcia® Ambassadeur® C3 CT Mag

The 6500c3 CT High-Speed is the all-new version of the world famous Mag Elite, with a hi-speed retrieve ratio. Features 6-pin centrifugal brake, Mag brake system, crowned Durabrass gears and the Carbon Matrix® Drag. The ultimate distance series of reels.

Another reel that continues the theme of ruggedness, capacity, easy handling and versatility. The Abu 7000 is the Volvo estate of the beach fishing world, made even better in this C3 CT Mag version by fingertip control over the open frame and extra speed for retrieve.

- Carbon matrix drag system for optimal durability and performance
- 2 HPCR bearings in the spool
- Corrosion resistant IAR bearing
- Line out alarm
- MagTrax brake system
- Open top CT frame
- Dual stopper

Abu Garcia® Ambassadeur® Linecounter

The Ambassadeur LC is a very strong, reliable and beautiful trolling reel. Powerful, durable and with a lot of cranking power to wind in big fish. The Ambassadeur Line Counter's main use is its ability to find fish at different levels when boat fishing with help of the Line Counter. Instead of the angler having to count the number of turns up or down to the bite zone, the Line Counter does this automatically with the read out display that is found on the left-hand side plate.

Abu Garcia® Ambassadeur® CS Pro Rocket

The ambassadeur® CS Pro Rocket round baitcast reel is an international best seller. Engineered for super long castability, this model also features a synchronized level wind system for even line lay. The Carbon Matrix™ Drag system included in this reel is our strongest and most durable drag system available. The updated extended bent handle with power knob gives anglers an edge by increasing torque and aligning the cranking hand closer to the reel for more efficient fighting power. Durable components including 2 stainless steel ball bearings + 1 roller bearing, a Duragear™ brass gear and a corrosion resistant instant anti-reverse bearing ensure dependability for the long haul.

- 2 stainless steel ball bearings + 1 roller bearing

Abu Garcia® Revo® ALX Spinning Reel

NEW 2020/21

The REVO ALX THETA is a very special spinning reel, developed by the Japanese Abu Garcia team. It's packed with modern technology and features, making it very light in weight but very strong, rigid and smooth operating at the same time. The reel has strong AMGearing™ inside, is equiped with Carbon Matrix™ drag system for fast and very precise drag performance and has a one-piece Durametal™ body for strength and rigidity. This reel is meant for anglers who are looking for the ultimate spinning reel in it's price class when it comes to a powerful, smooth performance in a incredibly light weight reel.

- 7 Stainless Steel HPCR™ bearings (Salt Shield™) + 1RB
- AMGearing™ system
- Computer optimized gear design
- Carbon Matrix™ drag system
- One piece Durametal™ alloy body for rigidity
- C6 Carbon Rotor
- Compact bent carbon handle

Abu Garcia® Revo® Rocket Spinning Reel

The Revo ® Rocket spinning reel is designed to offer blazing fast retrieves allowing anglers to pick-up large amounts of line very quickly. Perfect for fishing techniques where anglers need to present baits fast, or pick up large amounts of slack line.

- 9 stainless steel HPCR™ bearings + 1 roller bearing
- AMGearing system™
- Computer optimized gear design
- Rocket Gear Ratio
- Rocket line management™ system
- Rocket spool lip design™
- Carbon Matrix™ drag system
- C6 carbon rotor
- IM-C6™ body design
- Compact bent carbon handle
- K-Clutch™ anti reverse
- Flat EVA knob
- Machined aluminum braid ready spool
- Aircraft grade aluminum main shaft
- Titanium main shaft (35 size only)
- Everlast™ bail system
- Slow Oscillation

Abu Garcia® Revo® Winch Spinning Reel

The Revo® Winch Spinning offers an ideal gear ratio for hard pulling lures (crankbaits, spinners, spinnerbaits), as this reel has a very high cranking power. The Winch is also the perfect choice when lures need to be fished very slowly, like in wintertime. The REVO Winch spinning reel has AMGearing™, Carbon Matrix drag and light weight C6 carbon rotor. Not only powerful, but also light in weight and strong in performance! Ideal for a variety of techniques.

- 8 stainless steel HPCR™ bearings + 1 roller bearing
- Winch gear ratio
- AMGearing™ system
- Computer optimized gear design
- Carbon Matrix™ drag system
- IM-C6 body design

Abu Garcia® Revo® STX Spinning Reel

Like its low profile counterpart, the Revo® STX spinning reel is built on a foundation of high quality components and lightweight design. At its core is a machined aluminum main gear design that delivers superior gear feel and performance. Durable HPCR™ (High Performance Corrosion Resistant) bearings, a C6 carbon rotor and stem and a braid ready spool translate to a super-smooth fishing experience. Engineered to outperform.

- 9 stainless steel HPCR™ bearings + 1 roller bearing

Abu Garcia® Revo® SX Spinning

The Revo® SX spinning reel takes cutting edge design to the next level. By utilizing an Insert Molded C6 (IM-C6™) carbon body design that incorporates a one piece aluminum gear box, the latest Revo SX is lighter than the previous generation while maintaining excellent rigidity. Improved gear feel and outstanding durability are the result of an all-new machined aluminum gear design.

Abu Garcia® Superior Spinning Reel

The Superior is a spinning reel designed by the Japanese Abu Garcia team. It stands for lightness and smoothness for an affordable price. The extensive range has reels with difference gear ratios (5.2:1 for normal, 6.2:1 for high gear ratio) and has many shallow spool models, ideal to use in combination with braided line. The Superior is the right choice for anglers who are looking for a modern, light and strong spinning reel.

- 4 stainless steel HPCR ball bearings + 1 roller bearing
- Salt Shield ™ ball bearing sat in the inner pinion gear
- Water shield carbon matrix hybrid drag system
- Rocket line management
- Aluminum machine cut handle + soft touch handle knob
- Tough DuraMetal™ integral body
- Silent oscillating COG design for smooth rotation
- 2WAY DRAG™ system
- Always-ON Instant Anti-Reverse (No ON-OFF Lever)
- Rocket spool lip

Abu Garcia® Carabus AG STX Reel

NEW 2020/21

CARABUS AG reels are the obvious choice when it comes to choosing the right tool for the right job. Super shallow aluminium spools allow for ultra fine braids and monos to be used without hindering casts with light spoons. Low gear ratios allow for the required 'super slow' retrieve for when conditions are tough. Matching aluminumum spare spools allow for a switching between braid and mono and a moments notice. At just 200 g these lightweight reels are the perfect pairing for our range of CARABUS AG Rods.

- Lightweight and compact perfect for AG
- 5.2:1 gear ratio
- 4+1 Ball bearings
- Ultra shallow Aluminium spool
- Aluminium spare spool
- 56 cm per turn retrieve

Abu Garcia® Max Pro Spinning Reel

NEW 2020/21

Taking design cues from the Revo® lineups, the Pro Max™ spinning reel boasts the same exceptionally smooth package as it's low profile counterpart with a lightweight graphite frame and seven bearing system. The Pro Max also features our Rocket Line Management System™ allowing maximized casting distance while reducing wind knots.

- 6 ball bearings + 1 roller bearing provides smooth operation
- Lightweight graphite body and rotor
- Machined aluminum spool provides strength without adding excess weight
- Everlast™ bail system for improved durability
- Slow Oscillation provides even line lay with all types of line
- Rocket line management™ system provides better control of all types of fishing lines
- Rocket spool lip design™ allows better control of line coming off the spool

Abu Garcia® Abumatic® SX Spincast

Modern design and advancements in spincast fishing reel technology make the Abumatic SX spincast reel stand out from the crowd. Construction starts with a graphite frame and stainless steel front cone. A snubberless casting system challenges traditional spincast design by utilizing the pickup pin to initiate casting instead of pinching the line against the cone. This equates to an increase in casting efficiency and a reduction in line wear. The QuadCam engagement mechanism initiates faster line engagement on the retrieve. Pre-spooled with Berkley® Trilene® XL® monofilament fishing line.

- S-Matic™ Casting Design
- QuadCam Pickup System
- 3 Bearing System
- Ultra smooth drag system

Abu Garcia® MKII 506

We have linked the name and cosmetics of this reel to the famous original 506 The 706 was proved to be the best selling UK ABU reel for several years and by using our engineers and consultants we have made some key changes to improve the reel further and becoming 506 MKII! - New handle assembly is more secure and the syncro drag is more efficient (added carbon washers) - Improved gear components have made the reel feel smoother and more powerful - Improved the gear lock design - now the pin secures the gear without damaging it - Added arrow on the reel rotor to help show the correct direction to remove - Improved the push button / pin release mechanism. Is now more positive and reliable - same original 506 - New ceramic coated line pin that reduces ware and increases winching power - Improved the chenille quality so it works correctly

- Advanced Polymeric body with aluminium front cone
- On / Off instant anti-reverse switch
- Supplied with 3 x shallow, 1 x deep spool, Deluxe reel case
- Ultra smooth syncro drag
- Saltwater protected

BEAST PRO is a series of pike rods for specialists: when you are looking for the best equipment available for hunting giant pikes, BEAST PRO is what you are looking for. High modulus 36T carbon blanks with X-WRAP technology for sublime power, responsiveness, strength and balance. Fuji guides and Fuji reel seat provide the best components available. The A-grade cork handle grips provide strong grip in any circumstance. The rods are designed by dedicated pike anglers, for dedicated pike anglers, which can be seen in every detail of these rods.

- BEAST PRO rods are dedicated to pike fishing
- Developed for specialist predator anglers who chase moster pikes
- Strong and very high quality 36T + X WRAP blanks
- Strong Fuji® Alconite® double leg guides
- Strong and reliable Fuji® reel seat
- Strong high density handle grips

Abu Garcia® Beast X Casting Rod

NEW 2020/21

BEAST X is designed for (big) pike fishing. The rods are built on strong, powerful and reponsive 30T carbon + Nano Technology blanks – capable of casting big lures, setting the hook strongly and fighting the biggest of pikes. The high quality, light weight Fuji guides provide the perfect guiding of strong braided lines and the rods are finished with light weight ergonomic reel seats. The handle is made of high density material, lasting extremely long. The BEAST X series are the way to go when you are looking for reliable, strong pike rods with quality components for an affordable price.

- BEAST X rods are dedicated to pike fishing
- Developed for predator anglers who chase moster pikes
- Strong and high quality 30T + Nano Technology blanks
- Strong Fuji® double leg guides
- Strong high density handle grips

Abu Garcia® Svartzonker Signature Series

The Svartzonker range of Abu Garcia rods are made in cooperation with the famous predator fisherman Claes Svartzonker Claesson. After the success with the Svartzonker signature series rods, we decided to make a total update. The new Svartzonker signature series is built on a faster blank, Fuji guides and reel seats, cork handle and even more attitude. These rods will take your fishing to the next level.

- 30 Ton graphite for a lightweight balanced design
- Fuji® reel seat for greater comfort
- Fuji® K guides with Alconite inserts
- Light weight cork grips
- Designed by Claes "Svartzonker" Claesson

Abu Garcia® Carabus Distinct CEX Rod

NEW 2020/21

Is this the very best rod Area Game fishing has to offer? Quite possibly. At a fetherweight 52 g it is certainly one of the lightest thanks to its FUJI TORZITE Micro Guide system, AAA cork handle and Nano Carbon blank. Utilising the TAF manufacturing system to create solid tips this helps with instant bite detection from shy biting fish. This is as good as it gets. Classic to look at, classic to hold, classic forever.

- Proffessional style AG rod
- Fuji Torzite Micro guide system
- NANO Carbon blank
- TAF Blank Technology
- Subtle elevated styling
- Soft action reducing hook pulls
- Cork reel seat and handle

Abu Garcia® Rocksweeper

The Rock Sweeper rod family has gained a number of achievements since its introduction. It's tough, has the latest spec and yet still an ultra- high sensitivity. The blanks is built on the 3M Powerlux technology system. The evenly distributed nano particles prevents cracks in the blank material while the dense construction dramatically improves the tip and overall break strength.The Rocksweeper rods are equipped with Fuji components for highest possible durability and quality.When only the best will do, the Rocksweeper rod series delivers uncompromising performance.

- Featuring exclusive 3M Powerlux 1000 resin technology for ultra-light thin blanks with superior impact and fracture resistance.
- High density EVA gives greater sensitivity and durability
- Fuji® soft touch reel seat for greater comfort
- Fuji® guide system

Abu Garcia® Mass Beat II Spinning

The Mass Beat II is a wide and versatile range of predator rods with a hyper modern Japanese design style. The rods are ideal for the predator angler who is looking for a beautiful, strong, light weight rod with a fast action and high quality components. The Powerlux 300 blank contains Nano resin, resulting in a strong and lightweight blank without weak spots. Every Mass Beat II rod is finished with high quality Fuji Alconite K-Type guides and Fuji reel seat. All of this together makes the Mass Beat an ideal rod for the experienced predator angler.

- 3M Powerlux 300 resin system allows a thin, ultra-light blank construction with superior impact and fracture resistance
- Fuji reel seat for greater comfort
- Split grip design
- High density EVA gives greater sensitivity and durability
- Double foot hook keeper for all bait applications

Abu Garcia® Mass Beat II Casting

The Mass Beat II is a wide and versatile range of predator rods with a hyper modern Japanese design style. The rods are ideal for the predator angler who is looking for a beautiful, strong, light weight rod with a fast action and high quality components. The Powerlux 300 blank contains Nano resin, resulting in a strong and lightweight blank without weak spots. Every Mass Beat II rod is finished with high quality Fuji Alconite K-Type guides and Fuji reel seat. All of this together makes the Mass Beat an ideal rod for the experienced predator angler.

- 3M Powerlux 300 resin system allows a thin, ultra-light blank construction with superior impact and fracture resistance
- Fuji reel seat for greater comfort
- Split grip design
- High density EVA gives greater sensitivity and durability
- Double foot hook keeper for all bait applications
- Fuji® K guides with Alconite inserts

Abu Garcia® Victis Spinning

The Abu Garcia Victis™ rods are specifically engineered to be lightweight, with increased hand sensitivity. The performance is of superior quality and features VCarbon tip construction, titanium alloy guides with zirconium inserts, ROCS guide train, high density EVA, and an soft touch up locking reel seat. The reel seat is designed in true Abu Garcia extreme exposure fashion, and allows for both improved reel fit and comfort.

- 30 Ton Graphite Blank Construction
- Stainless steel guides with Zirconium inserts
- Soft touch ratcheting reel seat

Abu Garcia® Venturi Spinning

The Venturi series of rods delivers on-the-water performance and style in a balanced, lightweight design. Construction starts with a 30 Ton high modules graphite blank that is paired up with stainless steel guides. Full cork handle ensure comfort and durability. The Venturi series gives excellent performance at a great value.

- 30 Ton graphite blank for a lightweight and balanced design
- Full cork handle for durability
- DPS reel seat
- Stainless steel guides
- Extensive range of Scandinavian style of actions

Abu Garcia® Max STX Spinning Combo

NEW 2020/21

The MAX STX combos are light, modern, strong and reliable spinning combos for predator fishing. The rods are made of strong and light weight 24T carbon material and are equipped with high quality LTS guides. The MAX STX reel has 5+1 bearings and operates very smooth. The reels are pre-spooled with Spiderwire Stealth Smooth 8 braided line; this line is due to the tight weaving and special micro coating very abrasian resistant, but supple and smooth at the same time for excellent casting characteristics.

- Responsive 24T Carbon blank
- Light weight LTS guides
- Ergonomic Cork handle grip
- 5+1 Bearings MAX STX reel
- Light weight graphite body and rotor
- Everlast™ bail system for improved durability

1517185, 1517194

1517186, 1517195

1517187, 1517196

The Beast Paddle Tail is based on the proven shape of Swedish designed swim baits with a retro-cool twist. The lure's large paddle tail gives it a very steady rocking motion over the full length of the shad. A versatile bait for very big pike! Available in 17 and 21 cm

- Designed & developed in Sweden
- Pro designed shapes
- Unique swimming action
- Hand painted & sealed
- Irresistible proven colors with a modern twist
- Phthalate free material for fish well-being

1517167, 1517176

1517168, 1517177

1517169, 1517178

The Beast Twin tail has two flexible twin tails that are carefully designed with eye for detail. The special shape gives the lure a unique erratic action that often proves to be a game changer on days when pike are cautious. Made for slow to moderate fishing speed and can be used with shallow rigging systems as well as jig heads. Available in 17 and 21 cm

- Designed & developed in Sweden
- Pro designed shapes
- Unique swimming action
- Hand painted & sealed
- Irresistible proven colors with a modern twist
- Phthalate free material for fish well-being

1517125, 1517133

1517126, 1517134

1517127, 1517135

With its slender shape, the Beast Zander Shad is the ideal go-to paddle tail for zander. No matter if you fish it vertically from a (belly) boat or stop-and-go retrieve from the bank, this bait will do it all. During testing, the small size was very effective on a drop shot rig! Available in 9 and 11 cm

- Designed & developed in Sweden
- Pro designed shapes
- Unique swimming action
- Hand painted & sealed
- Irresistible proven colors with a modern twist
- Phthalate free material for fish well-being

Abu Garcia® Svartzonker McHybrid

NEW 2020/21

1531896, 1531904

1531897, 1531905

1531898, 1531906

1531899, 1531907

1531900, 1531908

1531901, 1531909

1531902, 1531910

McHybrid is an effective and unique hybrid lure where two worlds meet in one, soft and hard at the same time. The first lipless crank with a soft paddle. With its wide and oval body, it provides a realistic baitfish profile, with a wandering, elegant swimming pattern that attracts big predators. Attach it to the upper eyelet and it will swim deeper and with a wider wandering pattern. The lower eyelet gives it a smoother and shallower swimming pattern. If you want an even smoother and super shallow presentation, switch from the paddle to the tail.

1531903, 1531911

- Made of impact resistant ABS
- Weighted with eco-friendly zinc
- Stainless steel wire through for extra strength
- Oversized stainless steel tail screw for easy installation of paddle/tail
- Hand-painted
- Eco-friendly phthalate-free plastisol
- Designed in Sweden by Svartzonker
- Extra strong stainless steel split rings
- Super sharp Berkley Fusion19 hooks

McSnack, the Snack that catches them all. McSnack is an erratic glidebait with loads of belly flash, wandering action with a super tempting wiggle on the drop and it imitates fleeing baitfish perfectly. Work it with a medium stiff castig or spinning rod, with lots of twitches, reel handel jerks and long pauses.

- Made of High Impact ABS Plastic
- Lead Free
- Stainless steel through-wire for heavy duty use
- Works with both soft and stiff leaders
- Hand painted
- Designed in Sweden by Svartzonker

McJerk is a super easy glide bait developed for tough pike and predatory fishing. McJerk can be used with any kind of gear when jerked or twiched dances it side to side wit a nice belly roll. And on straight retrieve it swims in wide S curves. It has short flashes on the sink/drop.

- Easy to fish
- Developed for pike and predator fishing
- Can be fished in different ways
- A real killer for large predators!

McMio Tail Junior attracts predators with its smooth rolling action. It has become many tournament fishermen's favourite. This is because it's easy to fish, long casting and catches lot of fish. The weight is 22 g. The body length is 6 cm and with the tail it's 20 cm in total. It does not require any special equipment, you can use your regular spinning gear. McMio Tail Junior works well with both soft and stiff leader. It's slow sinking and fishes at depths between 0,5 - 1 m depending on how fast it's retrieved.

- Can be fished with spinning and casting equipment
- Easy to fish action
- Perfect for pike and zander

McMio Tail attracts predators with its smooth rolling action. It has become many tournament fishermen's favourite. This is because it's easy to fish, long casting and catches lot of fish. The weight is 54 g. The body length is 9 cm and with the tail it's 24 cm in total. It does not require any special equipment, you can use your regular spinning gear. McMio Tail works well with both soft and stiff leader. It's slow sinking and fishes at depths between 0,5 - 2 m depending on how fast it's retrieved. McMio Tail has Svartzonkers unique rigging system for perfect hook set and you do not need to change jig tail as often. McMio Tail has Svartzonkers unique rigging system for perfect hook set and you do not need to change jig tail as often. It is slow sinking and fish at depths between 0,5 -2 m. McMio Tail has Svartzonkers unique rigging system for perfect hook set and you do not need to change jig tail as often. This year we have added 3 new colours to the range.

- Slow sinking
- Fish at depths between 0.5 -2 m.
- Body length 9 cm; 24 cm including tail.
- Unique Svartzonker rigging system

McMy Tail is a jerkbait with "a little extra". A jerkbait does not need to be heavy and difficult to fish. McMy Tail is suitable for lighter equipment, but catches big. You can use regular spinning equipment and the lure will glide easily side to side. With slow retrieve you will get a soft S-curve action.. McMy Tail works well with both soft and stiff leader.

- Easy to fish
- Developed for pike and predator fishing
- Can be fished in different ways
- A real killer for pike and zander!

McHybrid gives you the best of two worlds. You get the durability of a hard bait and at the same time the smooth and fish like action of a shad tail.

This lure can be fished in two different depth levels. The lower ring gives a shallow and softer action while the upper ring provides a deeper and quicker movement.

McHybrid can also be combined with the soft tails of McMy and McMio. This will give the lure a slower action which can suit lower water temperatures very well.

- Super durable with a beautiful action
- Can be fished at different depths
- A killer for pike and perch

McPerch Shad imitates any type of baitfish and has a slight oversized paddle that gives it that extra thump and a super belly roll that will get the attention and drive bass and perch crazy. Works perfect for dropshot, carolina or texas rigs or offset hooks or classic jigheads. Works straight retrieved or jigged.

- Perfect for al types of softbait rigs
- Enticing tail action
- Irresistable to big perch

Abu Garcia® Beast Stinger

These stingers are especially designed to fit the Beast softbaits or similar. Reliable components that are saltwater resistant.

- Designed & engineered in Sweden
- Super strong "pike & musky proof" materials
- Extremely durable in both fresh and brackish water
- Built to perfectly match the Beast softbaits

SAP					T-CODE	RRP
1517201	Beast Stinger L	2	2	1	L666	9,99 €
1517202	Beast Stinger XL	2	2	1	N666	9,99 €

Abu Garcia® Beast Stinger Magnet

Use the Abu Garcia Beast Stinger Magnets to fix your stinger hooks to your softbaits. Using a magnet makes sure you have more hook exposed so you will increase your hookup ratio and less damage will be done to your softbaits.

- Designed & engineered in Sweden
- 3 x a pair north / south magnets
- Use single magnet for small trebles
- Use pair magnets for large trebles
- Easy-to-apply, but secure screw system
- Treble often gets back in position after missed strike

SAP				T-CODE	RRP
1517198	Beast Stinger Magnet	6	1	R533	7,99 €

Abu Garcia® Beast Rattle Chamber

The unique Beast external rattle chamber by Abu is made from a special material mix that creates a perfect pitch sound that carries thru the water further than conventional rattles. Thanks to its red color it mimics a strike point that makes your soft lures even more attractive!

- Designed & engineered in Sweden
- External application for more sound
- Special material mix for perfect pitch
- Attractive Red Strike color
- Easy-to-apply, but secure screw system

1531485

1531486

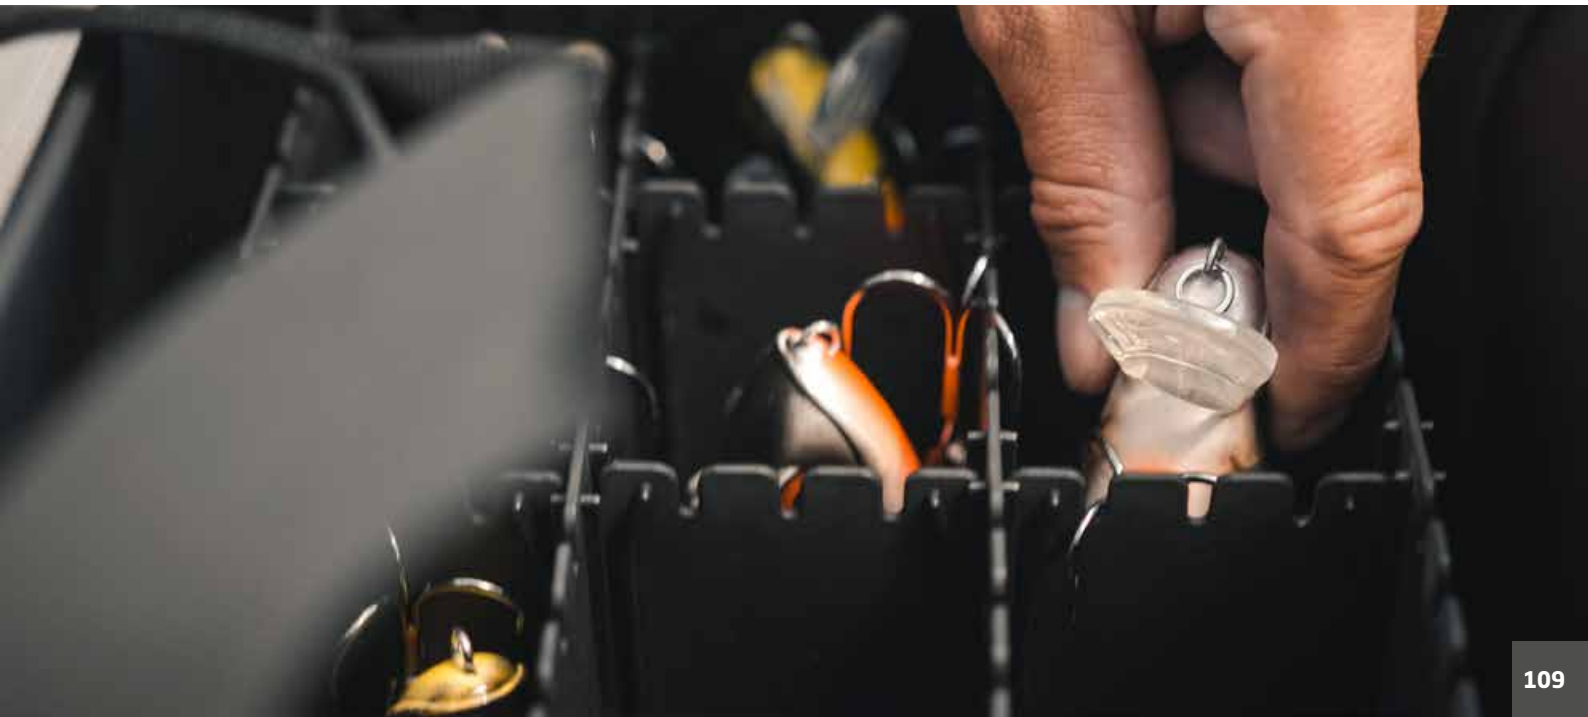

1531487

With the Instant Spinnerbait you easily turn your softbait into an attractive spinnerbait. Made with heavy duty components, this reliable spinnerbait setup will create a lot of extra vibrations, resistance and a large profile to your pike softbait!

- Super strong "pike & musky proof" design with easy-to-use connection clip
- Designed & engineered in Sweden
- Abu designed Beast Colorado blade
- Instantly turns every softbait with jighead into an attractive big spinnerbait

The Abu Garcia Reflex Spinner is an all time best seller since 1951. Reflex has a simple design that's easy to use and catches fish of all species. The streamlined Reflex casts long and accurately, even against the wind. And there's a strong possibility that any retrieve will experience the strike of a bass, trout, pike, perch and chub or just about any freshwater/saltwater fish imaginable. It's an all-purpose lure that consistently catches fish.

- A best selling lure since 1951
- All-purpose, simple design, catches fish of all species

Abu Garcia® Reflex Arctic

1450859, 1450863

1450860, 1450864

1450861, 1450865

1450862, 1450866

The Abu Garcia Reflex Spinner is an all time best seller since 1951. Reflex has a simple design that's easy to use and catches fish of all species. The streamlined Reflex casts long and accurately, even against the wind. And there's a strong possibility that any retrieve will experience the strike of a bass, trout, pike, perch and chub or just about any freshwater/saltwater fish imaginable. It's an all-purpose lure that consistently catches fish.

The all new Reflex Arctic is designed for clear water where fish are often shy for bright or unatural colors. Simple colors and an unfeathered treble hook are sure to fool the wise trout, grayling, and arctic char.

- A best selling lure since 1951
- All-purpose, simple design, catches fish of all species
- Casts well
- Performes at every retrieve

Abu Garcia® Droppen Fluo

1345711, 1345715

1345712, 1345716

1345713, 1345717

1345714, 1345718

1345719, 1345723

1345720, 1345724

1345721, 1345725

1345722, 1345726

When fishing small streams, rivers and lakes for freshwater predators light and balance tackle is often required. Droppen fits into this category easily. Its low center of gravity makes casting simple. Freshwater predators like perch, trout and rainbow trout find its action irresistable. Now, the Droppen family also consists of two hi-vis fluorescent series; orange and chartreuse. An ultimate spinner for all trout!

- Ultimate spinner for trout
- Low centre of gravity
- Bright fluoro colours

The Atom spoon was first sold 1949 and it's still a best seller and a great catcher. Its classy look and fantastic action make this the ideal for all freshwater predators. This famous pike lure has quite literally caught thousands of fish over the decades. For best results using the Atom – fish it slow and steady and wait for the hit.

- A bestseller for over 70 years!
- Designed for pike and other fresh water predator
- Classy look
- Perfect for casting and trolling

Abu Garcia® Atom Vass

1312858, 1312864

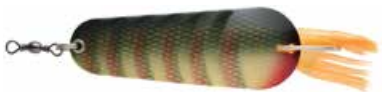

1312859, 1312865

1312860, 1312866

1312861, 1312867

1312868

The Atom spoon was first sold 1949 and it's still a best seller and a great catcher. Its classy look and fantastic action make this the ideal for all freshwater predators. This famous pike lure has quite literally caught thousands of fish over the decades. For best results using the Atom – fish it slow and steady and wait for the hit.

- * A bestseller for over 70 years!
  * Designed for pike and other fresh water predator
  * Classy look
  * Perfect for casting and trolling

1530619, 1530626, 1530633, 1530640, 1530647

1530620, 1530627, 1530634, 1530641, 1530648

The Abu Garcia Fast Cast is an incredible far-casting lure. Due to the special design, the lure flies like a bullet but also had an irrisistable wobble and flanking action; perfect for both fresh and saltwater applications. Another unique feature is that when you change the treble position to the front, a great fluttering action is created, making it perfect for jigging.

- Incredible casting distance
- Wobbling and flanking action
- Great for fresh and saltwater
- Perfect for jigging and casting

Toby saw its light of day as early as 1956 and has been one of the best selling lures in the world. It was so successful and attractive, that for a long time it was a part of the ABU logotype. Today the Toby range goes from 7 g up till 60 g.

- A classic since 1956
- Enticing action
- Irresisteble for all predators
- Perfect for fresh and salt water

Toby saw its light of day as early as 1956 and has been one of the best selling lures in the world. It was so successful and attractive, that for a long time it was a part of the ABU logotype. Today the Toby range goes from 7 g up till 60 g.

- A classic since 1956
- Enticing action
- Irresisteble for all predators
- Perfect for fresh and salt water

Abu Garcia® Hammer

1312892, 1312894, 1312896

1312893, 1312895, 1312897

1407026, 1407030, 1407034

1407027, 1407031, 1407035

An allround lure which sends out signals and vibrations in every direction tempting the fish to bite. Easy to cast, as the weight is concentrated to the hook attachment at the rear.

- All-round lure – designed to send signals and vibrations to encourage bites
- Weight in the rear for easier casting

Ever since it was introduced, the Sillen has been notorious for catching big fish. One of the most spectacular catches is the 34,5 kg cod becoming the new Norwegian record. Sillen is a pilk for big fish in deep but also shallow waters.

- Sinks fast and straight
- Enticing action
- Proven big fish catcher
- Perfect for deep and shallow water

A classic pilk that was introduced on the market in 1972. A fast sinking, efficient pilk for a wide variety of fishing techniques, from fishing from the sea shore to deep waters. Eye-catching holographic colour that attracts the fish and make them strike.

- Fast sinking and efficient pilk
- First sold in 1972
- For a variety of techniques - sea shore to deep water
- Holographic colour to attract fish and encourage a strike

Abu Garcia® Hi-Lo Floating

1446127

1446127, 1446097

1446128, 1446098

1446130, 1446100

1446131, 1446101

1446132, 1446102

1446134, 1446104

The Hi-Lo is unique amongst wobblers. With its adjustable lip vane you can decide the depth you wish to fish. Hi-Lo attracts predators like pike and zander, whilst the smaller sizes are perfect when hunting specimen perch. New for 2018 is a redesign of the adjustable lip system that makes the lip stay in position.

- An anglers favorite for decades
- Adjustable swimming depth
- Perfect for pike, zander and perch
- Available in different sizes and colours

1446112

1446107

1446108

1446110

1446111

1446114

The Hi-Lo is unique amongst wobblers. With its adjustable lip vane you can decide the depth you wish to fish. Hi-Lo attracts predators like pike and zander, whilst the smaller sizes are perfect when hunting specimen perch. New for 2018 is a redesign of the adjustable lip system that makes the lip stay in position.

- An anglers favorite for decades
- Adjustable swimming depth
- Perfect for pike, zander and perch
- Available in different sizes and colours

Abu Garcia® Classic 3 Pack Reflex

The Abu Garcia Reflex Spinner is an all time best seller since 1951. Reflex has a simple design that's easy to use and catches fish of all species. The streamlined Reflex casts long and accurately, even against the wind. And there's a strong possibility that any retrieve will experience the strike of a bass, trout, pike, perch and chub or just about any freshwater/ saltwater fish imaginable. It's an all-purpose lure that consistently catches fish.

- A best selling lure since 1951
- All-purpose, simple design, catches fish of all species
- Casts well
- Performes at every retrieve

Abu Garcia® Classic 3 Pack Droppen

When fishing small streams and rivers for freshwater predators light and balanced tackle is often required. The Droppen fits into this category easily – it's low centre of gravity makes casting around small and intimate venues simple. Freshwater predators such as perch, chub, pike and trout find its action irresistible.

- Designed to catch freshwater predators such as perch, chub, pike and trout
- Low centre of gravity

Abu Garcia® Backpack

NEW 2020/21

The Backpack is equipped with 3 tackle boxes. It's very comfortable to wear due to the padded shoulder straps and has a lot of space to bring food, extra clothing and a camera. On both sides there are additional side straps with buckles and mesh pockets: meant to attach extra items (like a second rod and a landing net). In the bottom there is a rain cover which can be pulled out when necessary. The bottom itselves is strong and waterproof. All of this in consideration makes this bag very suitable for anglers who want to fish long days with only bringing one bag.

- Dimensions: 33 x 21 x 51 cm
- Tackle boxes included: 3 pcs – 28 x 18 x 4,5 cm (medium)
- Adjustable padded shoulder straps
- 2 mesh pockets for pliers / accessories / drink bottle
- Side straps with buckles to attach items to the side of the bag
- Ability to carry a second rod
- Big main pocket, accessable from the top
- Bottom main pocket 2 is accessable from the side/bottom
- Strong and reliable zippers
- Reinforced waterproof bottom
- Unfoldable raincover included
- Ideal for mobile lure anglers who fish long days.

Abu Garcia® Beast Pro Rucksack

NEW 2020/21

Made with fully waterproof material and a hard wearing base these bags are completely at home on the bank, boat, jetty or towpath. This bag is the ultimate day pack enabling you to cover all predator fishing scenarios. Not only does it have internal tackle boxes supplied for terminal tackle and lures but also and cooler bag section in the base with removable freezer pouch for those anglers who prefer using deadbaits - or storing food! Large internal storage pockets plus two external side pockets with webbing straps for tool retention. Also, there is a pouch handy for phones and valuables which can be removed when retuning to home or your car containing all you need without digging through multiple pockets. When you don't know how the days going to go, grab this bag to cover all eventualities.

- Water resistant and wipe clean material
- Supplied with 4 tackle boxes
- Cool bag section in base
- Comes with removable cool bag
- Removable valuables pouch
- 2x additional side pockets
- Multiple internal storage areas
- External plier holder
- Dimensions 40x20x53

The Berkley Sick range is a family of 6 types of softbaits, designed to cover every situation you will face on the water. The Sick Flanker is a high-profile paddletail that creates a high amplitude vibration on every speed. This bait makes a lot of noise and is very applicable in powerfishing and searching techniques.

- Powerbait scented softbaits
- Very souple material
- Heavy flanking action at any speed
- life-like and bright color patterns
- High-profile softbait
- High amplitude vibration at every speed
- Perfect for powerfishing and as a searchbait

1531814, 1531822

1531815, 1531823

1536436, 1536440

1536437, 1536441

1536438, 1536442

1536439, 1536443

The Berkley Sick range is a family of 6 types of softbaits, designed to cover every situation you will face on the water. The Sick Swimmer is a round profile paddletail that has a very strong rolling action. This movement is known to be irresistable to all types of predators. Rig the Sick Swimmer on a jighead and let the action begin!

- Powerbait scented softbaits
- Very souple material
- Beautiful rolling action at any speed
- life-like and bright color patterns
- Strong rolling action
- Combines perfectly with a jighead, but also applicable to other softbait tactics

The Berkley Sick range is a family of 6 types of softbaits, designed to cover every situation you will face on the water. The Sick Vibe is a high frequency vibration paddletail. The long finesse tail will move at any speed and trigger bites in the slowest situation. Fished on jigheads, dropshot rig or an offset hook this bait works super well for perch, zander and pike.

- Powerbait scented softbaits
- Very souple material
- High frequency vibrations at any speed
- life-like and bright color patterns
- Long finesse tail with small, high frequency movements
- Can be used in combination with a wide variety of softbait tactics

1536473, 1536477, 1536481

The Berkley Sick range is a family of 6 types of softbaits, designed to cover every situation you will face on the water. The Sick Vamper is a V-Tail bait with a fat body. The skinny tail makes a beautiful waving action when fished on a dropshot rig or jighead. The triangular shape of the body will create a belly flashing action when the bait is fished aggressively. Fish it trough thick cover with an offsethook or use it as soft jerkbait.

- Powerbait scented softbaits
- Very souple material
- Heavy flanking action at any speed
- life-like and bright color patterns
- Beautiful waving tail action
- Extremely allround

The Berkley Sick range is a family of 6 types of softbaits, designed to cover every situation you will face on the water. The Sick Curl is a bulky body with super attractive, long curltail that moves at any speed. The ribs in the body create extra vibrations and make sure the Powerbait scent is being spread to convince every predator fish to bite. The small paddle at the end of the curl tail keeps the bait in a stabile position.

- Powerbait scented softbaits
- Very souple material
- Heavy flanking action at any speed
- life-like and bright color patterns
- Super attractive curly tail
- Ribs along the body create extra vibration

1531887, 1531895

The Berkley Sick range is a family of 6 types of softbaits, designed to cover every situation you will face on the water. The Sick Bug is specially designed for slow retrieval. The soft textured rubber, multiple appendages and two oversized twister tails and antenna create maximum movement, vibration and perceptibility under water. Even at minimal speed. On top of that, every bait is packed with UV flakes, which makes the bait stand out in both clear and dark conditions. The bait performs outstanding on the Carolina rig, but also delivers on the Texas rig, as a jig trailer or on a regular jig head

- Powerbait scented softbaits
- Very souple material
- Life-like colour patterns with UV details
- Flattened body moves perfectly along the bottom
- Super flexible appendages give an enticing action
- Perfect for Carolina Rigging, Texas Rigging and other softbait presentation

Berkley® T-Tail Soft

1525619

1525620

1525621

1525622

1525623

1525624

The T-shaped tail makes the bait move at any speed. On the drop or on the hop, the T-Tail Shad vibrates and flutters with life-like action that is irresistible to predators. Fish it on a micro jighead or dropshot rig and be amazed by it's fish catching ability.

- Fish hold on 18x longer due to the PowerBait® formula
- The soft material moves at the slightest vibration and attracts predators on high and super slow speeds
- The T-shaped tail moves irresistibly at any speed
- Versatile lure used on micro jighead or dropshot rig

1525625

1525626

1525627

1525628

1525629

1525630

This lure is specifically designed for dropshot and finesse fishing. The hollow body collapses when the fish bite, making sure you will get the best hooksets possible! Fish the Hollowbelly V-Tail on a jighead, offsethook or dropshot rig and be amazed by it's life like action.

- Fish hold on 18x longer due to the PowerBait® formula
- Super life-like look and feel
- Perfect for dropshot and finesse fishing
- Hollow body collapses for instant hook sets

1525637

1525638

1525639

1525640

1525641

1525642

This micro lure has been designed by Japanese experts and is now available for our European freshwater predators. The two fins on the body create a natural, fluttering action on the drop and the tail will kick water at any speed. Try the Shrug Minnow on a micro jighead or dropshot rig.

- Fish hold on 18x longer due to the PowerBait® formula
- The soft material moves at the slightest vibration and attracts predators on high and super slow speeds
- Designed by Japanese experts and now available for European freshwater predators
- Versatile lure used on micro jighead or dropshot rig

Berkley® URBN Bubble Creeper

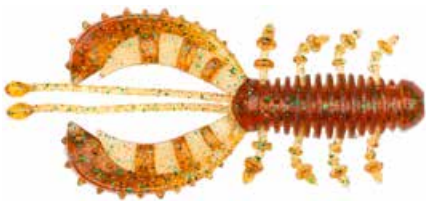

NEW 2020/21

1525631

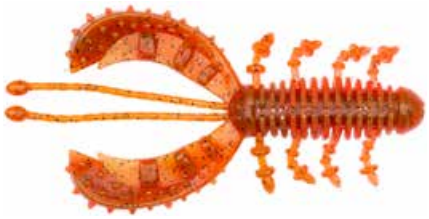

1525632

1525633

1525634

1525635

1525636

The Bubble Creeper is a uniquely designed, super soft lure that moves at the slightest vibration. It's ribbed body, rubs against a lot of water pressure and moves like crazy during a drop. The flapping claws have a high appeal specification by making the base as thin as possible and increasing the waterflow towards it's toes. Fished on jigheads, offsethooks or a drop shot rig, this lure catches predators on high or super slow speeds.

- Fish hold on 18x longer due to the PowerBait® formula
- The soft material moves at the slightest vibration and attracts predators on high and super slow speeds
- The flapping claws have a unique design to create a powerful swimming action
- Versatile lure used on jighead, offsethook or dropshot rig

Bag | Softbait | PowerBait

Berkley® URBN Micro Spinnerbait

1525643, 1525647

1525644, 1525648

1525645, 1525649

1525646, 1525650

This micro spinnerbait is well balanced and equiped with a PowerBait® scented grub. The combination of the spinnerblade and the irresistable tail action will trigger bites, especially when the fishing is slow. It comes with two different grub colors but you can also combine this spinnerbait arm with other jigheads & soft lures.

- Fish hold on 18x longer due to the PowerBait® formula
- The durable spinnerbait arm can be used in combination with all types of jigheads & softbaits
- Including 2 different grubs
- Irresistable action and vibrations that will trigger bites, even when fishing is slow

Bekley Powerbait makes novice anglers good and good anglers great! Berkley scientists have spent over 25 years perfecting an irresisteble scent and flavor - the exclusive Powerbait formula. Fish love Powerbait so much they hold on 18 times longer, giving you the time and confidence to feel more bites - Set more hooks and Catch more fish!

- Great action on fast and slow retrieves
- An old favorite is back with the same exact shape & Softness in new, catching colours!
- Rig as a line-trough, jighead or weighted EWG

Bekley Powerbait makes novice anglers good and good anglers great! Berkley scientists have spent over 25 years perfecting an irresisteble scent and flavor – the exclusive Powerbait forumla. Fish love Powerbait so much they hold on 18 times longer, giving you the time and confidence to feel more bites – Set more hooks and Catch more fish!

- Reliable paddletail action that attracts fish
- Multiple rigging options: jig head, weighted swim bait, dropshot rig, Texas rigs and Carolina rigs
- Higher hooking ratio due to softer compound
- Eye popping colors

The Pulse shad is the first shape developed for the European market in 2006. Super soft for even more action at low speed. Updated eye pattern and colour line-up.

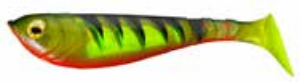

- PowerBait scent
- Wide action
- Proven shape

PowerBait® Pre-Rigged Giant Ripple

1345835

1345836

1345837

1345838

Finally a prerigged version for those who want to make sure they use a correctly rigged Giant Ripple. But this one is more than another prerigged, it offers an exclusive system that allow a free 360° turning belly hook. It improves the catch rate by eliminating the leverage traditionnally used by the pike by the rigid connection between the lure body and a fixed stinger.

- Unique segmented body for more vibration and swimming action
- More surface area for better scent dispersion
- Lifelike body/color detail and 3D red eyes
- Exclusive PowerBait scent and flavor

PowerBait® Blood Worms

The Berkley PowerBait Bloodworm is the perfect bait for many fishing situations. It can be used on the hook, on a hair or to hide the hook completely. The bloodworm is extruded using 100% biodegradable material and has the exclusive Berkley PowerBait formula infused within each worm. The tough texture means that it is long lasting and can be re-used time and time again!

- PowerBait scent
- Lifelike
- Outlast livebait

Berkley® Baitfish Rigs

NEW 2020/21

These Bullet Weights are lead-free, and made of high-density tungsten. Tungsten has the unique feature to be much harder and heavier then lead, resulting in more sensitivity and better casting capabilities.

- High quality, tungsten Bullet Weights that are lead-free
- Better sensitivity and a more subtle bait presentation
- Professional, detailed finished weights
- Better casting capabilities then lead Bullet Weights

The Berkley Zilla Glide is an easy-to-fish glide bait with a beautiful flanking action when steadily retrieved. Give it some jerks and pauses to create an even more attractive, erratic action. The Weight Ramp system ensures further casts and an abnormal, loud rattle when jerked. Equipped with sharp Fusion19 trebles a perfect bait to catch Pike in shallow and deeper waters.

- Lead-free
- Gliding side-to-side on steady retrieve
- The Weight Ramp system ensures longer and precise casts
- Equiped with razor sharp Fusion 19 treble hooks
- Abnormal, loud rattle when jerked
- Diving depth: 0,5 - 2 m

1531693, 1531701

1531694, 1531702

1531695, 1531703

The Berkley Zilla Jointed Glider is an easy-to-fish glide bait with an aggressige S-shaped swimming action when steadily retrieved. Give it some jerks and pauses to create an even more attractive, erratic action. Use the Klip Lok® system to make the bait sink faster so you can present the lure deeper. Equipped with sharp Fusion19 trebles a perfect bait to catch big Pike in shallow and deeper waters.

- Slow Sinking
- Lead-free
- Aggressive swimming action when steady retrieved
- Adapt the swimming depth with the Klip Lok® system
- Equiped with razor sharp Fusion 19 treble hooks
- Abnormal, loud rattle when jerked
- Diving depth: 0,5 - 1,5+m

1531709, 1531717

1531710, 1531718

1531711, 1531719

The Zilla Flanker is a shallow running wobbler that has a steady flanking action on a steady retrieve. Fished fast or slow, this flanker will run perfect and catch loads of fish. When jerked/twitched it flashes side-to-side and has erratic movements. The Weight Ramp system ensures long and precise casts. Diving depth: 0,5 - 1,5+m

- Slow floating
- Adapt the swimming depth with the Klip Lok® system
- The Weight Ramp system ensures longer and precise casts
- Equiped with razor sharp Fusion 19 treble hooks
- Lead-free
- Diving depth: 1 - 2+m

The Zilla Lipless crankbait has been designed to catch Pike and catfish in all types of waters. The tough wire-through construction enables you to land even the biggest monsterfish. The Reverberation Chamber System (RCS) creates the loudest vibrations possible. This fast sinking bait is suitable for depths of 1 - 5+ meter.

- Fast sinking
- Lead-free
- Loud vibrating action
- Heavy duty wire-through construction
- Equiped with razor sharp Fusion 19 treble hooks
- Reverberation Chamber System (RCS) for the loudest rattles possible
- Diving depth: 1 - 5+m

Berkley® Flatt Shad

NEW 2020/21

AYU

Firetiger Gold

Ghostscent

Natural Blue Back Hering

Natural Shiner

Perch

Glowing Zebra

UV Crawdad

UV Spotted Neon Yellow

UV Tiger

The unique, wider belly than upper head width gives instability to the bait, allowing it so swim at all speeds and generate energetic moves. The shad silhouette design has an ultra-low center of gravity, allowing for all kind of use – from slow roll, jigging, trolling and burning it. The Flatt shad is a unique and silent vibration bait, making it perfect for both finesse and power fishing. Also it is perfectly useable for both in fresh and saltwater because of its sharp and strong Fusion 19 hooks and long distance properties. The smaller versions are really irrisistable for perch, zander, aspius, pike and even seabass, while the larger versions are also widly known for jigging and casting for catfish and pike.

- Swims perfectly at all speeds
- Troll it, jig it, burn it, slow roll it!
- No internal rattles, allowing finesse and power fishing
- Long distance casting
- Fusion 19 hooks

1481595, 1481603

1481578, 1481586

1481579, 1481587

Proven Berkley® Flicker Shad® action for targeting shallower fish. The Flicker Shad® shallow models feature the same great side roll and flash anglers have come to expect from Flicker Shad®. Each bait is individually tank tested and sure to perform right out of the package whether you troll it, cast it, or stop and go retrieve.

- Size, profile, and dive depth imitate real shad
- Maximum rattle and roll action
- Features a slow rise
- Individually tank tested
- Equipped with sharp Fusion19™ hooks

Berkley® Dredger

1407971, 1407989

1407974, 1407992

1407976, 1407994

1407979, 1407997

1407984, 1408002

1441712, 1441714

Berkley® paired its world-class bait design engineers with a team of pro-anglers which includes hard bait legend and expert, David Fritts, to simply create dream baits. These hard baits capture the essence and action of artfully handcrafted wooden baits with exactness and durability delivered in a synthetic bait. The balanced designs throw straight and far and are consistently ready to run right out of the package without tuning.

- Body shape and weighted bill drive bait deep to stay in the strike zone longer
- Tight subtle action best for deep water fish
- Great casting and easy to crank for less fatigue all day fishing
- Slow rise at pause

Berkley® Surge Shad Jointed

1487229

1487231

1487232

1487233

1487234

1487235

An extremely versatile lure, the Berkley® Surge Shad Jointed provides an exaggerated wobbling action that is ideal for fish actively feeding on the surface or those that are suspended. It's bill design has been tailored for multiple presentations. Simply reel it, twitch it, or aggressively jerk it – this louder and more aggressive version of the Surge Shad excels in a variety of situations.

Scott Suggs Pro Tip: Best suited for muddier water or windy conditions. Works well in deep or shallow water. Simply cast and retrieve for an attractive wobbling action.

- Jointed tail for an exaggerated wobbling action
- Multi-purpose bill design
- Aggressive sound for added attraction
- Integrated FlashDisc™ improves tracking stability and accuracy and gives the bait true balsa-like action
- Equipped with sharp Fusion19™ hooks

Berkley® WakeBull

1487201

1487203

1487206

1487207

1487208

Offering a tempting surface waking action at any speed, the Berkley® WakeBull combines the popular Squarebull body with a shallow pitched bill and tail wagging action. It's bill and well-balanced design not only allows it to deflect off surrounding cover but also allows it to be fished at higher speeds without blowouts. WakeBull's sound resonance chamber amplifies the knocking sound with each wag of the tail that entices the curiosity of surrounding fish.

Scott Suggs Pro Tip: Ideal for use over shallow grass beds and wood. Steady reel or use a stop and go retrieve to trigger strikes.

- Alluring tail wag at a variety of speeds
- Tapered back adds flash and surface disturbance
- Distinct one knock sound for added attraction
- Equipped with sharp Fusion19™ hooks

Berkley® Bullet Pop

1487149, 1487163, 1487177

1487150, 1487164, 1487178

1487153, 1487167, 1487181

1487155, 1487169, 1487183

1487156, 1487170, 1487184

1487157, 1487171, 1487185

1487158, 1487172, 1487186

1487159, 1487173, 1487187

1487160, 1487174, 1487188

1487162, 1487176, 1487190

Crafted to deliver exciting top water action, the Berkley® Bullet Pop combines versatility and proven popper action. It's sleek tail weighted design provides excellent casting performance while the tapered back provides a flat surface for added flash. Not only does the Bullet Pop's cupped mouth deliver a classic spit and surface swell but its unique balance allows anglers of all skill levels to easily walk it with near 180 degree turns with minimal movement. The Berkley® Bullet Pop is ideal for both covering open water and targeting cover.

Justin Lucas Pro Tip 60: Perfect for ponds and calm conditions when fish are targeting smaller bait.

Justin Lucas Pro Tip 70: All-purpose size and sound for a variety of situations. Keep a tight line for a spitting action and a semi-slack line for a popping and walking action.

Justin Lucas Pro Tip 80: Size and sound ideal for covering open water and targeting cover. Keep a tight line for a spitting action and a semi-slack line for a popping and walking action.

- Tail weighted design tuned for maximum casting distance
- Versatile, easy to use popping and walking action
- Tapered back adds flash and surface disturbance
- Subtle clicking sound to draw in fish
- Equipped with sharp Fusion19™ hooks

Berkley® J-Walker 100

1487101

1487102

1487104

1487109

1487110

1487111

Whether you are a weekend warrior or a seasoned pro, this classic top water lure is designed to deliver explosive top water action. Berkley® J-Walkers feature a sleek tail weighted design that has been refined through countless prototypes to provide casting distances while their hydrodynamic shape, precision balance point, and resting position allow for an easy walk the dog action that has been proven on the water. Topped off with Fusion19™ hooks, Berkley® J-Walkers are sure to impress anglers of all skill levels.

Justin Lucas Pro Tip: An ideal lure for all top water scenarios. Twitch your rod tip on semi-slack line to walk the dog. Fish the J-Walker around shallow cover, submerged grass, or across deep water points.

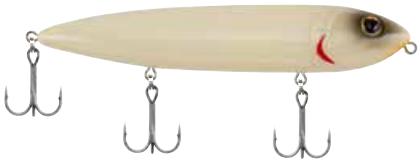

- Tail weighted design tuned for casting distance
- Attractive, easy to start walking action that can be worked at a variety of speeds
- Tapered back adds flash and surface disturbance
- Ideal action and sound for a variety of top water scenarios
- Equipped with sharp Fusion19™ hooks

1487261, 1487271

Whether you are a weekend warrior or a seasoned pro, this easy to use top water lure is designed to deliver explosive top water action. Chunk and wind the Berkley® Choppo around cover and in open water for a serious waking action. The Choppo's durable tail propeller won't melt in your tackle box and the enhanced surface area provides more sound and spray. The precision balance of the bait ensures that it's action begins immediately and it swims straight at a variety of speeds.

Justin Lucas Pro Tip 90: Cast and retrieve around all types of shallow cover. Best suited for calmer conditions.

Justin Lucas Pro Tip 105 and 120: Cast and retrieve around all types of shallow cover. Can be used in calm to choppy conditions.

- Easy to use top water lure
- Durable, cupped propeller tail
- Enhanced propeller surface area for maximum surface disturbance
- Swims straight at a variety of speeds
- Equipped with sharp Fusion19™ hooks

Berkley® Spin Bomb

1487237 1487238 1487240 1487241

Create a top water commotion they can't resist with the Berkley® Spin Bomb. Not only does the Spin Bomb's shape make it ideal when there are smaller baitfish present but it's unique shuttering action when paused is a perfect wounded bait imitator. It's clear plastic props feature a cupped design with an enhanced surface area that can spin at slower speeds with maximum spray. Twitch it, rip it, or simply reel it across the surface for irresistible spraying action.

Justin Lucas Pro Tip: Ideal use around shallow areas with bass feeding on bluegill. Twitch and pause for a commotion they can't resist.

- Cupped plastic propellers that spin at slower speeds
- Enhanced propeller surface area for maximum spraying action
- Tapered back adds flash and surface disturbance
- Equipped with sharp Fusion19™ hooks

Berkley® DEX Spinner Bait

NEW 2020/21

1532036, 1532040, 1532044, 1532048

1532037, 1532041, 1532045, 1532049

1532038, 1532042, 1532046, 1532050

1532039, 1532043, 1532047, 1532051

The DEX Spinnerbait is a premium finesse spinnerbait made with the most high-end materials available. The Colorado and Willow blades are mounted on a durable titanium frame. Due to the high-density tungsten head, the spinnerbait has an extremely low center of gravity which makes the bait very stable in the water. The DEX spinnerbait features a hand-tied, flexible skirt and has a chemically sharpened hook.

- Finesse spinnerbait
- Made with high-end materials
- Colorado and Willow leaf combination
- Tungsten head with a low center of gravity offers perfect stability
- Hand tied flexible skirt and durable titanium frame
- Chemically sharpened hooks

Berkley® Egi Master

1500112, 1500116, 1500120

1500113, 1500117, 1500121

1500114, 1500118, 1500122

1500115, 1500119, 1500123

Designed for the popular Egi-style fishing for squid and cuttlefish. The Berkley Egi Master sinks at a 45° angle which decreases snags and increases hook ups. The aggressive action will persuade even the weariest squid.

- Equipped with razor sharp Owner Needle point Umbrella hooks
- Sinks at a 45° angle, exposing more hook-up area & avoid snagging
- Utilises fine micro-mesh fabric that reduces wear & tear
- Darts side-to-side when it is jigged fast & aggresively
- Front weighted Egi-jigs with an offset keel for a enhanced lifelike suspending action

Box | 10 g | Squid

Berkley® Fusion19™ Baitholder Hooks

Berkley Fusion19 hooks are targeted to everyone, from the novice to the avid angler. The Baitholder is a multi-species hook that allows the angler to secure a bait firmly to a shank for multiple applications. Each front of every package provides bait recommendations.

- Needle point with SlickSet Coating for easier penetration
- Double barbed shank to hold baits in place
- Curved in needle point for quicker hookups
- Turned down eyelet allows for easy snelling
- Forged for increased lateral strength
- Package features innovative resealable clam for tackle management

Berkley® x5 Braid

Berkley® x5 Braid is a conventional braid using 100% PE fibers. 4 stranded braids are popular and Berkley® x5 takes it to another level by adding an additional strand making x5 strong, reliable, and built to cut through weeds and vegetation.

- Designed for optimal strength and abrasion resistance
- Fish confidently in thick vegetation and heavy cover

Berkley® Fireline Ultra 8

The Finest FireLine® Ever! The scientists at Berkley® have applied the famous FireLine® process to thermally fuse a remarkably strong 8-carrier Dyneema® PE fiber braid. The fused 8-carriers create a line that is tougher, rounder and smoother, delivering longer casts than ever before.

- Compared to classic FireLine®, Fused 8-Carriers create:
- Toughest - 50% Greater Abrasion Resistance
- Best Casting - Casts 10% farther
- Best Handling - Rounder, more consistent line structure
- Strongest - Made with the highest-tenacity Dyneema® PE Fiber

Berkley® FireLine® Fused Original

Berkley® FireLine® = Superline! The term "Superline was introduced in 1996 - and it has remained the world's true Superline ever since! Not a conventional braid and not a mono - Thermally Fused FireLine changed fishing forever.

- Smoother right out the Packaging
- Faster Casting
- Improved colour fastness
- This is the Superline with the highest Abrasion resistance
- Modern and strongly Improved Touch and see packaging

Berkley® FireLine® Fused Crystal

Berkley® Fireline® Fused Crystal The first Translucent Superline, FireLine Crystal was introduced in 2006 and took the world by storm. Thermally fused FireLine Crystal combines the ultimate in low-underwater visibility with all of the FireLine benefits. Now the Next Generation of FireLine Crystal is smoother and tougher than ever with the same powerful strength, smooth handling and fast-casting you know and love!

- Smoother right out the Packaging
- Faster Casting
- Improved colour fastness
- This is the Superline with the highest Abrasion resistance
- Lo Vis
- Modern and strongly Improved Touch and see packaging
- Translucent

Berkley® Whiplash 8

Berkley® Whiplash® 8 is a legendary line that is well known for being one of the strongest braids on the market! It's a perfectly braided 8 carrier superline using 100% PE fiber. It doesn't matter if you go for the biggest Fresh or Saltwater specimen, you'll always have the extreme fighting power of Whiplash 8 to rely on.

- 100% PE Dyneema material
- Perfectly round braided 8 carrier construction
- Super Strong and extremely durable
- Exceptionally smooth for long distance and fast casting
- Tough and abrasion resistant
- For Fresh and Saltwater use

Berkley® Solutions Braid

Making line selection easy, Berkley has taken the guesswork out to help you Catch More Fish! Designed for both spinning and baitcasting reels, Solutions Braid is manageable, easy-to use, and has reliable knot strength. All at an exceptional value!

- Incredibly strong and thin - 3x stronger than mono of the same diameter!
- Zero Stretch - For ultimate line sensitivity
- Very tough and abrasion resistant - Slices through vegetation like a hot knife thru butter
- LoVis color doesn't spook the fish

Berkley® Nanofil™

Berkley® Nanofil Not a mono, fluoro or braid - The Next Generation in Fishing Line! Our longest casting line! Spinning reel anglers will experience exceptional casting distance and accuracy allowing them to cover more water and catch more fish. Made with 100% Dyneema®, the World's Strongest Fibre, it has an incredibly high strength/diameter ratio, creating our thinnest line per kg test. Winner of 4 international awards, including 2011 Best Fishing Line Product at the Entex and ICAST Show.

- Ultimate Sensitivity
- Extreme Castability
- Extremely Smooth
- High strength per diameter
- Perfect for all open water techniques

Berkley® Connect CM90

Direct Connect CM90 is a professional grade Alloy Monofilament and is designed as the most manageable carp fishing mono on the market today. With its increased sink rate, the line gets your bait to your fishing spot quicker and easier which means for an increased catch rate. With extreme abrasion resistance, and low stretch, the silky smooth CM90 has no line twist or memory, which makes for perfect castability and high strength. The green colour is perfect for fishing weedy areas as it blends in to the surroundings perfectly.

- High abrasion resistance
- Higher sink rate
- Super-strong, great casting properties
- Great manageability

Berkley® Connect CB2000

Direct Connect 8 carrier braid (0.16 mm +) is made from 100% Dyneema fibers which is the world's strongest fiber. It's super high strength, exceptional abrasion resistance and knot strength gives the angler full confidence when targeting BIG carp. CB2000 is designed to cast further and its thin diameter gives anglers the opportunity to fish further distances. The moss green colour is perfect for fishing all areas and blends in the surroundings perfectly.

- Supreme strength to diameter ratio
- No stretch
- Easy casting
- No water absorption
- 100% PE Dyneema fibres

Berkley® Trilene® 100% Fluorocarbon XL®

Trilene® 100% Fluorocarbon XL® – Professional Grade? Pro Approved! All the advantages of 100% fluorocarbon in a formula that fishes like nylon mono. PROFESSIONAL GRADE, 100% FLUOROCARBON ENGINEERED FOR SPINNING REELS

- Outstanding flexibility
- Supreme manageability
- Low memory
- Super castability

Trilene®100% Fluoro Professional Grade™

Choice of the pros for nearly 10 years! Trilene 100% Fluorocarbon is the "XT" of professional-grade fluorocarbons. This proven formula provides incredible shock strength, abrasion resistance and knot strength. Fast-sinking with greater line density for high sensitivity and less "bow" in the water – all advantages for feeling the bite, setting the hook, and landing more fish!

- THE CHOICE OF THE PROS! – A FLUOROCARBON GOOD ENOUGH TO BE CALLED TRILENE®
- Nearly Invisible – Similar refractive index to water so fish can't see it
- Optimal impact strength – Proprietary 100% PVDF formula specially processed for optimal impact strength
- Excellent Manageability – Lower memory for superior casting
- Available in Green Tint – Reduces sparkle and flash

Berkley® FluoroShield™

NEW 2020/21

BERKLEY® Fluoro Shield™ is the best of both worlds; a co-polymer core with a fluorocarbon coating. The fluorocarbon coating "shields" the inner co-polymer making it nearly invisible underwater and abrasion resistant while remaining manageable for optimized casting distance.

- Fluorocarbon infused Co-polymer
- Nearly invisible under water
- Abrasion resistance comparable to fluorocarbon
- Manageable on both spinning and casting gear for optimal castability

Berkley® Trilene® Big Game™

One of the most popular monofilaments in North America due to its incredible strength, reliability and value. Extreme fighting power for big game fish - saltwater or freshwater!

- EXTREME FIGHTING POWER FOR BIG GAME FISH
- Super Strong - Incredible strength for confidence and control
- Shock Resistant - Controlled stretch adds fighting power
- Extra Tough and Abrasion Resistant - Tough against rough or sharp objects
- Outstanding Knot Strength -Strong and durable holding power

Berkley® Trilene® Sensation

Professional grade Trilene Sensation has been trusted by our Berkley pro staff for more than a decade. With extreme strength-per-diameter, it is still flexible and manageable. This strength allows us to make it in smaller diameters for better lure action and castability. The breakthrough multi-polymer nylon formula has less stretch and holds more of its strength when wet compared to other nylon monos for sensitivity and control. A PROFESSIONAL GRADE MONO – EXTREME STRENGTH, SENSITIVITY AND CONTROL

- High linear and knot strength.
- Low memory.
- High sensitivity.
- Smooth
- Easy to tie knots

Berkley® Air Spinning

The Berkley Air rods are very light, reponsive and fast rods with high quality components and beautiful finish. The fast actions make these rods very suitable for softbait jigging, but as well for hardbait fishing which need to be twitched / jerked to get the right action or deep diving cranks with a lot of resistance. The rods can be used in a big variety of circumstances, making them ideal for the modern all-round predator angler.

- 30 Ton high density carbon
- High density EVA grip
- Light weight design
- Exposed design ALIEN reel seat
- Anti-tangle SEA GUIDE HERO HI GRADE SIC guides
- Fast action blanks, perfect for modern predator fishing techniques

Berkley® Pulse XCD Travel Spinning

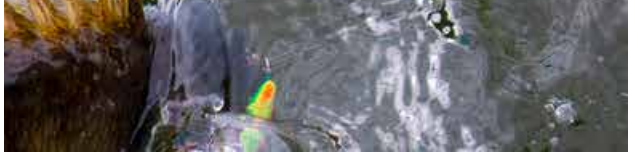

The Pulse XCD has a QLT construction with a ultra low resin hi performance carbon blank, special anti-tangle guides, full cork handle and secure lock reelseat. The Pulse XCD exceeds expectations: it's light weight, has a fast action, is ultra sensitive and has great modern design. Because it's 4 sections, it's super convenient for travelling.

- QLT Construction
- Ultra Low Resin Carbon Blank
- Secure Lock, Optimum Sensitivity Reelseat
- Full Cork split by Carbon ring
- 4 section blank, ideal for travelling and easy storing away.

Berkley® E-Motion

Fuel your emotions with the E-MOTION range of rods from Berkley. The selection of spin and casting rods includes some impressive finishes found on some rods within a much higher price range. Using 24ton - fast action - high density carbon blanks to maintain strength and durability, the E-Motion rods also carry K series SIC anti-twist guides so you won't get into trouble with line tangles. Berkley has worked on a new ergonically designed reel seat making sure your reel stays put whilst reducing angler fatigue. Dependant on the rod choice, grips come in a high density EVA foam and natural cork front grip. The E-MOTION rod really is a very good rod for a very good price.

- 24 Ton high density carbon
- K Series SIC anti twist guides
- Ergonomic design reel seat
- High density EVA and cork grip
- Fast action blanks
- Perfect allround predator rods for the modern-day angler

Berkley® URBN Casting Rod

The URBN range or rods are made for the angler who doesn't need platforms to fish from and over hanging trees as features, the concrete jungle is your playground. These rods cover all lure fishing scenarios with colour coded cosmetics to help you identify your weapon of choice. An innovative hookeeper allows you to tighten up to drop shot weights without loose terminal tackle getting in the way. Use URBN rods for lure fishing fix and #OWNTHESTREETS

- 30T carbon
- Colour coded rod actions
- Street style cosmetics
- Innovative hook keeper design

Berkley® FireFlex Spinning

The Berkley FireFlex series combine Traditional looks with high end features. Berkley FireFlex rods are the right choice for anglers who are looking for an affordable fast action spinning rod. The strong Ultra Smooth Guides will provide smooth casting with minimum friction, Using both Standard and Superlines. All rods in the series are built with High Modulus Carbon and will deliver the Power and Sensitivity needed to register any bite and land any fish targeted. The EVA split handle design has great looks and perfect grip.

- Fast action
- Dual Cork split handle
- Classic design
- K design LT guides
- High value for money

PENN® International® VISX

MADE IN U.S.A.
OF DOMESTIC AND
IMPORTED COMPONENTS

The stainless steel gear train in our International VI reels doesn't get much tougher. Machined from stainless steel in our Philadelphia manufacturing centre and drilled out for weight reduction, these gears offer the perfect combination of strength and speed.

The PENN International VI series is designed and manufactured in the USA of domestic and imported components. Precision machined from high-strength, lightweight, aircraft grade aluminum in our Philadelphia machining center. Our experienced crew has been designing and producing durable, high-quality reels in this facility since 1932. The VI consists of a large stainless steel gear train for strength and speed, and a Dura-Drag system which results in a smoother start up and virtually eliminates hesitation, even under extreme drag settings.

- Machined and anodized aluminum body and sideplates
- Stainless steel main and pinion gears
- Quick-Shift II™ 2-speed system
- Dura-Drag™ system
- Versa-Strike Adjustable Strike stop
- Double-dog ratchet anti-reverse
- Line Capacity Rings
- Made in the USA of domestic and imported components

PENN® Squall® Lever Drag 2 Speed

The PENN Squall Lever Drag 2-Speed is basically a graphite International and comes in the 3 most popular big game sizes. Made from graphite for its benefits of being both lightweight and corrosion resistant. The Quick-Shift 2-Speed and Dura-Drag systems have been perfected in our International reels and the technology has transferred down to the Squall platform.

- Lightweight graphite frame and sideplates
- Forged and machined aluminum spool with Line Capacity Rings
- Quick-Shift 2 speed system
- Stainless steel main and pinion gears
- Dura-Drag system
- 4 stainless steel bearings
- Double-dog anti-reverse.

Our Dura-Drag material contains a special Phenolic bonding agent that prevents premature breakdown of the carbon fibre material while providing a barrier to water. We then pretreat each drag washer with a special compound developed by PENN engineers .... Say goodbye to jerky drags and lost fish!

PENN® Senator® Star Drag

The PENN Senator needs no introduction. First launched in 1936, the Senator Series has endured the test of time. The Senator is world- renowned for being a universal, respected star drag reel. Its rugged design allows it to be an offshore workhorse that has amassed more IGFA big game world records than any other reel in the industry.

The Senator is designed to be a low gear ratio winch, it will pull anything off the bottom. HT-100 drag washers provide smooth drag under heavy loads. Stainless Steel Frame Rings Stainless steel frame rings enhances rigidity to prevent frame-flex.

- Bakelight sideplates with stainless steel reinforcement rings
- Machined and anodized aluminum spool
- Marine grade Bronze main gear
- Stainless steel pinion gear
- Multi-disk star drag system
- 2 shielded stainless steel ball bearings
- Stainless steel reel stand
- Convertible power handle
- Heavy-duty clicker

PENN® Fathom® II Star Drag

The second generation PENN® Fathom® II star drag reel is built with a rigid metal frame and sideplates, now with added features to make it more angler friendly than ever. Featuring our fast gear access sideplate, any angler can service their gears and HT-100™ drag system quickly and efficiently. The PENN live spindle design offers long, effortless casts, while the power gear ratios (select models only) give ultimate torque for winching up deep fish. Magnetic casting brake available on 12 and 15 sizes only.

PENN® Fathom® II Level Wind

The PENN Fathom II Level Wind's heavy duty construction and powerful gears make it a true workhorse and favorite of charter boat Captains. It is designed to handle extreme abuse day-in and day-out. Whether you are bottom-fishing or casting live bait, the Fathom II will stand up to the hardest fishing conditions. A Full Metal Body keeps precise gear alignment while the Fast Gear Access Side Plate allows for easy maintenance. The Fathom II also houses our powerful HT-100 drag system to stop any fish that bites. Available in standard, line counter and left hand models

- HT-100™ carbon fiber drag washers
- Full Metal Body and sideplates
- Line Capacity Rings
- Fast Gear Access Side Plate
- 4+1 stainless steel bearing system

Our NEW Fast Gear Access side plate makes servicing your Fathom II LW easier than ever. With the removal of 4 screws, the gear side plate is easiliy removed giving access to the gear box for any needed maintenance without the worry of losing springs or other parts.

PENN® Mag4 Star Drag

NEW 2020/21

A series of two high performance reels designed for long range casting on both UK and European shores. The 151 Mag4 is perfect for targeting tough ground bass as well as general beach work, but with its greater line capacity the 525 MAG4 is the reel to choose for long range beach and mixed ground fishing. Features include an instant finger adjustable external extended magnetic braking system knob, live spindle with free floating spool, making the spool totally free from restriction and drag. When in free spool mode, this ensures easy, trouble free, long distance casting. These reels enjoy a cult following and are a top seller for all beach and rock fishing situations.

- Adjustable magnetic brake system with extended adjustment knob
- premium oiled spool bearings
- Fast gear access sideplate
- 6+1 Shielded stainless steel ball bearings
- Lightweight graphite frame and sideplates
- Forged and machined aluminum spool
- Stainless steel main and pinion gear
- Live spindle with free floating spool
- Versa drag system with HT100 washers

PENN® Slammer® III

The PENN Slammer III is back by popular demand. Built for heavy-duty fishing from either boat or shore, and trusted by charter captains all over the world. The Slammer III reels feature our new IPX6 Sealed System which keeps water out of the gear box and drag system. We're also using our updated Slammer Drag System which now utilizes our proprietary Dura- Drag material.

- Full Metal Body, sideplate, and rotor
- CNC Gear™ technology
- IPX6 Sealed body and spool design
- Sealed Slammer® drag system with Dura-Drag™
- 7+1 stainless steel bearing system
- Sizes 3500-5500 have automatic bail trip
- Sizes 6500-10500 have manual bail trip

Dura-Drag washers virtually eliminate hesitation, even under extreme drag settings.

PENN® Clash™ II

NEW 2020/21

The PENN® Clash™ II is the ultimate inshore reel. Featuring our proprietary CNC Gear™ Technology and HT-100™ carbon fiber drag system, the Clash II can handle any inshore species you hook. The Hydrophobic Line Roller Bearing, along with the Clutch Armor System ensure protection to critical components in all weather conditions without sacrificing weight,while the Leveline® Slow Oscillation System ensures perfect line lay, cast after cast. Available in sizes 1000-5000, the Clash II has the right size for any inshore application.

- Full Metal Body and sideplate
- CNC Gear™ technology
- HT-100™ carbon fiber drag washers
- 8+1 stainless steel bearing system
- Clutch Armor System
- Leveline® Slow Oscillation System
- Hydrophobic Line Roller Bearing

Durability, Smoothness and Precision is what CNC Gear Technology delivers. By using state of the art software and CNC machinery, the drive, pinion and oscillation gear are cut to exact tolerances using premium metals.

PENN® Spinfisher® VI

The PENN Spinfisher VI features IPX5 sealing so whether it gets hit with a wave, or you let it ride in the spray all the way home, you don't have to worry about saltwater getting into the gearbox or drag system. Our HT-100 drag washers are housed in a fully sealed spool to give the stopping power needed for big saltwater fish. A Full Metal Body and sideplate keep the CNC Gear System in precise alignment under heavy loads. Available in standard, Live Liner and Long Cast models.

- IPX5 Sealed body and spool design
- CNC Gear™ technology
- HT-100™ carbon fiber drag washers
- 5+1 sealed stainless steel ball bearing system
- Full Metal Body
- Superline Spool
- Line Capacity Rings
- Sizes 2500-5500 have automatic bail trip
- Sizes 6500-10500 have manual bail trip

PENN® Spinfisher® VI Live Liner

The PENN Spinfisher VI features IPX5 sealing so whether it gets hit with a wave, or you let it ride in the spray all the way home, you don't have to worry about saltwater getting into the gearbox or drag system. Our HT-100 drag washers are housed in a fully sealed spool to give the stopping power needed for big saltwater fish. A Full Metal Body and sideplate keep the CNC Gear System in precise alignment under heavy loads. Available in standard, Live Liner and Long Cast models.

- Lightweight corrosion resistant Graphite Body
- Braid ready machined aluminium spool
- 2+1 stainless steel bearing system
- Instant anti r everse
- Line capacity rings

The NEW Spinfisher VI live liner system has 4 ON positions which progressively increase the rear drag when needed. Factory matched settings have been applied for each size reel and can be user adjusted to the angler's preference with the included tool. With the turn of the handle, the live liner is automatically disengaged and back in fighting mode.

PENN® Conflict® II

The PENN Conflict II features stealthy cosmetics, a Lightweight design (our lightest spinning reel ever), and silky smooth HT-100 drag. The RR30 Rigid Resin body and rotor are extremely lightweight and durable. Internally the Conflict II is powered with our CNC Gear Technology, and high quality stainless steel ball bearings. With the Superline Spool™ no backing is needed because of the rubber gasket that keeps superlines from slipping.

- Rigid Resin RR30 body and rotor
- CNC Gear™ technology
- 7+1 sealed stainless steel ball bearing system
- HT-100™ carbon fiber drag washers
- Superline Spool
- Line Capacity Rings

The carbon infused handle provides a strong, durable and lightweight handle for the Conflict II reel.

PENN® Battle® III

NEW 2020/21

Durability, Smoothness and Precision is what CNC Gear Technology delivers. By using state of the art software and CNC machinery, the drive, pinion and oscillation gear are cut to exact tolerances using premium metals.

The PENN® Battle® III is now stronger, smoother, and more durable than ever before. By matching our proprietary CNC Gear™ Technology, HT-100™ carbon fiber drag system, and a Full Metal Body, the Battle III has the guts and drag to handle serious abuse. Ranging in size from 1000 to 10000, the Battle III series has a model for every angler, at an incredible value.

PENN® Battle® III Longcast

NEW 2020/21

The PENN® Battle® III Longcast is now stronger, smoother and more durable than ever before. By matching our proprietary CNC Gear™ Technology, HT-100™ drag technology, the Battle III Longcast has the guts and drag to handle serious abuse. The special slow oscillation gives a perfect line-lay and in combination with the forged and machined aluminum Long Stroke spool this results in great casting distance and making this reel your choice for both SW and FW fishing techniques where distance casting is required.

- CNC-Gear technology
- HT-100 Carbon fiber drag washers
- 5 Sealed stainless steel ball bearings
- Instant anti-reverse bearing

PENN® Fierce® III

The PENN® Fierce® III spinning reels are available in a range of sizes, from 1000 to 8000. Featuring a full metal body and sideplate, along with PENN HT-100™ carbon fiber drag washers, the Fierce III can handle anything inshore or nearshore. A 4+1 shielded stainless steel ball bearing system ensures smooth retrieves while the heavy-duty aluminum bail wire and superline spool allow for easy line management.

- Full metal body and sideplate keep precise gear alignment under heavy loads
- Techno-Balanced™ rotor gives smooth retrieves

PENN® Fierce® III Live Liner

The PENN® Fierce® III spinning reels are available in a range of sizes, from 2500 to 8000. Featuring a full metal body and sideplate, along with PENN HT-100™ carbon fiber drag washers, the Fierce III can handle anything inshore or nearshore. A 4+1 shielded stainless steel ball bearing system ensures smooth retrieves while the heavy-duty aluminum bail wire and superline spool allow for easy line management. The innovative Live Liner drag system is adjustable and automatically disengages with a turn of the handle, making it ideal for bait fishing.

- Full metal body and sideplate keep precise gear alignment under heavy loads
- Techno-Balanced™ rotor gives smooth retrieves
- 4+1 stainless steel ball bearing system
- Instant anti-reverse bearing
- HT-100™ carbon fiber drag washers
- Heavy-duty aluminum bail wire
- Superline spool
- Line capacity rings
- Live Liner Feature

PENN® Affinity® II Longcast Custom Carbon

A Fantastic custom longcast reel equipped with various light weight carbon features to make this incredible carp reel extremely durable yet lightweight. As well, the titanium mainshaft reduces the overall weight but also improved the rigidity of the reel. Next to that, the sealed Full carbon HT-100 drag is customised to offer the carp angler ultimate reliability and smoothness. To make the pack complete, the Affinity II LC Custom Carbon comes with an additional aluminium/carbon spool and velvet draw string bag.

- HT-100 Full Carbon Sealed Drag
- Lightweight RR3 Carbon Infused Rotor
- Titanium Mainshaft
- Custom Carbon Handle Knob-Superline spools with Carbon Skirt
- Aluminium spare spool

PENN® Affinity® III Longcast

NEW 2020/21

The PENN Affinity III is a fantastic longcast reel equipped with the best features to make this reel as durable as possible. The Quick and smooth HT-100 drag system, which is fully sealed, will give you the best experience of fighting a big carp you can imagine, over and over again. Due to the 7 sealed stainless steel ball bearings including an instant anti-reverse bearing, the Affinity III runs very smooth, even under pressure. Because of the extra slow oscillation system in combination with the Long Stroke spool, a perfect line lay is created with both mono and braided lines, resulting in extreme casting distance. As well, the reel is saltwater resistant to minimize long term corrosion. Ideal for all long distance carp angling.

- 6+1 Sealed stainless steel ball bearings
- Quick and smooth HT-100 drag system
- Sealed drag system
- Spool fill line capacity rings design
- Rotor Brake system design
- Braid ready spool
- Including spare spool

PENN® Rival™ Longcast Surf Pack

NEW 2020/21

The PENN Rival Blue Surf Pack was engineered to especially fit the needs of the surfcasting angler. This special Surf pack includes a Rival Blue 7000 size with 2 machined, braid ready, aluminum spare spools and a special EVA PENN Reel Case that will protect your reel and two spare spools during transport and storage. Due to the shallow, conical shaped spools you will be able to increase your casting distance. As well the line capacity of the spare spools is slightly lower than the main spool (.23 mm-300m vs.30mm-300m), ensuring you of always having the right diameter of line with you for each fishing condition. The Rival itself features a 5 sealed, saltwater proof, ball bearing system including an instant anti-reverse bearing, ensuring you of a perfectly smooth operation, even under 0,presure. The perfect pack for every surfcasting angler who is looking for a great surf reel for an affordable price.

- 4+1 Sealed stainless steel ball bearings
- strong and smooth drag
- Conical-shallow spool for increased casting distance
- T-shape handle for extra comfort
- 2 spare shallow aluminum spools included(0.23 mm-300m)
- Braid ready spool
- Comes in a special PENN EVA protective reel + spool case

PENN® Regiment II Inner Boat

The PENN Regiment II Inner Boat rods are a new generation of super light but powerful rods. The special inline construction protects your line and makes sure your line cannot get wrapped around the tip anymore. The special SLS3 blank construction results in a low diameter but extremely powerful blank.

- SLS3 Blank construction
- Hi Grade EVA Handle
- Rubber Gimbal
- Supplied with a cloth bag and cordura tube
- Seaguide Inner rings

The PENN® Legion Cat Gold Inliner 210 is your rod to go to when you are looking for the ultimate inliner for catfish fishing with e.g. a teaser or vertical with softbaits: very lightweight and sensitive but also extremely powerful and strong. That is the result of high-quality components combined with the knowledge of skilled catfish anglers. Due to the special inline-system, the line cannot get wrapped around the tip anymore, thereby preventing breakages and with a casting weight up to 250 g, this rod can handle nearly all baits and weights.

- Extreme strong and powerful carbon blank with strong backbone
- High quality Seaguide inline-guide
- Fuji reel seat for withstanding extreme forces
- EVA handle for easy cleaning and good grip
- Luxe velvet bag included

PENN® Legion® Cat Gold RVR Monster

NEW 2020/21

The PENN® Legion Cat Gold RVR MONSTER rods will exceed your expectations on every level. The RVR MONSTER rods are designed for those anglers that only want the best tackle on the market and are looking for a rod that can even handle those 2 meter+ monsters without any doubt. Due to the strong backbone and sensitive glow-in-the-dark tip, those rods are perfect for static fishing with e.g. breaking lines with a buoy or rock or an underwater float on the biggest rivers in Europe.

- Extreme strong and powerful carbon blank with strong backbone
- High quality Fuji guides
- Fuji reel seat for withstanding extreme forces
- EVA handle for easy cleaning and good grip
- Glow in the dark Tip
- Luxe velvet bag included

PENN® Legion® Cat Gold Monster

NEW 2020/21

The PENN® Legion Cat Gold MONSTER 172 is a true powerhouse. This rod will exceed everyone's expectation due to the extreme power that is inside of this lightweight rod. A perfect rod when you are targeting monster catfish in rivers with a lot of obstacles with e.g. a fireball, vertical jigs or teasers. Due to the use of only the best Fuji components, you can fully rely on your tackle when having hooked the fish of your dreams.

- Extreme strong and powerful carbon blank with strong backbone

PENN® Legion® Cat Gold Belly Pump

NEW 2020/21

The PENN® Legion Cat Gold Belly Pump is a special rod for those fanatic anglers who love to target catfish from the bellyboat or kayak. Due to the relatively short handle in combination with a good front grip, you have the perfect rod for fighting a fish with limited space. As well the short length of 168 cm will help you to keep the bait in the beam of your sonar so you will never miss any fish. At the end of the grip, a special ring is mounted to let you secure the rod to your bellyboat/kayak. Due to the special mounted guide train, you can fish with both a spinning reel or multiplier; the choice is yours!

- Extreme strong and powerful carbon blank with strong backbone
- High quality Fuji guides
- Fuji reel seat for withstanding extreme forces
- EVA handle for easy cleaning and good grip

PENN® Legion® Cat Gold Clonk

NEW 2020/21

The PENN® Legion Cat Gold Clonk 210 is especially designed for those anglers who love to target catfish with the clonk and teaser/worms or softbaits and are looking for a lightweight yet very powerful rod. The soft tip helps to give those extra vibrations that will trigger the catfish to take the bait, while the strong backbone helps in giving a good hookset and blocking a hard fighting fish. Due to the length of 210 cm, the rod is perfectly maneuverable in the boat so you can keep the bait always perfectly in your sonar. Combined with only the best Fuji components and high-quality carbon, this rod is a dream for every clonk-loving catfish angler.

- Extreme strong and powerful carbon blank with strong backbone
- High quality Fuji guides

PENN® Legion® Cat Silver Spin

NEW 2020/21

The PENN® Legion Cat Silver Boat spin and Spin rods offer you everything you need for the spinning for catfish. The relatively soft and sensitive tip will make sure you can give the perfect action to your lure, followed by a very powerful backbone, giving you enough power to stop those river monsters from swimming to obstacles. The 210 cm version is perfect for spinning from the boat or bellyboat, while the 240 and 270 versions give you a bit more length to reach further spots from the bank.

- Extreme strong and powerful carbon blanks with strong backbone
- High quality Seaguide guides for extra durability
- EVA handle for easy cleaning and good grip

PENN® Legion® Cat Silver Vertical

NEW 2020/21

The PENN® Legion Cat Silver vertical series include 3 different rods, making sure you will always have the perfect rod for each condition. The Pussycat is perfect for still waters with not so many obstacles and will make you really enjoy the fight of even a smaller catfish, whilst the Verticat has a bit more power and is very suitable for river fishing and the Monstercat is the beast that will tame even a 2 m+ fish in heavy conditions. Due to the special guide construction, these rods can be used with both a spinning reel as with a multiplier; the choice is yours!

PENN® Legion® Cat Silver Inliner

NEW 2020/21

The PENN® Legion Cat Silver Inliner 200 is a 1+1 piece inline rod with the perfect action for vertical fishing with either teasers and worms or heavy softbaits. Since the rod has no guides, the line cannot get wrapped around the tip so you will not have to worry about getting a tip breakage anymore. The soft tip gives perfect bite detection and action to your bait, but the strong backbone gives great power to stop even the biggest catfish.

- Extreme strong and powerful carbon blanks with strong backbone
- High quality Seaguide guide for extra durability
- EVA handle for easy cleaning and good grip
- Cloth bag included

The PENN Reel case is made of extra strong 600D fabric with PVC coating for extra durability and protection. It is especially designed to protect and carry your reel and spare spools against getting damaged from rocks, sand or dirt. It perfectly fits reels up to size 8000 and there are two extra spacings that hold and protect spare spools including line. As well, the reel case has a easy-to-carry handle and double zippers for easy opening.

- Fitting reels up to size 8000
- Two extra spacings for spare spools
- Strong 600D fabric with PVC coating
- Easy-to-carry handle
- Durable double zippers for easy opening

PENN® Neoprene Conventional Reel Covers

Protect your investment with neoprene reel covers which display the famous PENN logo and are available in a variety of sizes to suit all PENN reels on the market today. The covers are composed of a super thick and durable 5 millimeter neoprene material and feature triple stitched seams, eliminating runs and tears often seen in lesser quality reel covers.

PENN Reel Covers stay securely fastened with Velcro closures and lug cut-out slots (on all but size XXS) allow for easy storage and a better fit for PENN conventional and spinning reels. Whether you're storing your gear or running out to your favorite spot, these covers will protect your investment to ensure peak performance every time.

- 5 mm Neoprene Covers
- Triple Stitched Seams
- Durable Velcro Closures
- Lug cut-out slots for easy storage

Mitchell® MX9 Spinning Reel

The Mitchell MX9 spinning reel delivers lightweight handling and great durability thanks to quality materials. The lightweight, magnesium body, rotor and sideplate are protected with proprietary 3 step coating to provide corrosion resistance and durability. Its solid titanium main shaft is strong and light. Carbon handle with EVA knob is lighter than comparable Mitchell aluminum handles. This flagship spinning reel sets new standards in Mitchell reel design and thanks to its extremely low weight it will keep you going strong all day long!

- 10 Stainless Steel Ball Bearings – Corrosion resistant
- High performance, shielded, and friction reducing bearings
- Feather light Magnesium Body and Rotor technology
- CNC Machined aluminum main gear – Precision manufacturing for smoothness and durability
- Slow Oscillation for excellent line management
- Skeletonized Spool design for balance and low weight
- Fully sealed Carbon Drag – self-lubricating, smooth
- Carbon Handle – Lighter than aluminum
- Carbon Arbor – Lightweight hybrid carbon and aluminum spool design
- Titanium Main Shaft – Reduces weight
- Durable titanium-coated line roller

Mitchell® MX2 Spinning Reel

NEW 2020/21

The MX2 reel is equipped with a light weight graphite body and rotor design, has 4+1 bearings and that results in a smooth rotation. Furthermore, the reel has an extra ridgid bail, ergonomic handle knob and foldable handle (easy for transport / storage). If you are looking for a great reel for an affordable price, the MX2 is the right choice!

- 4+1 Bearings
- Light weight graphite body and rotor
- Smooth rotation
- Extra rigid bail
- Precise felt drag washers for sublime drag performance
- Stable light weight rotor design
- Foldable handle

Mitchell® MX3 Baitcasting Reel

NEW 2020/21

The MX3LP low profile reel is an affordable reel with strong specifications: 5 bearings, light weight one-piece graphite frame and high density EVA handle knobs. The 11-setting centrifugal braking system is very accurate and helps to determine the ideal brake settings for different lures. This system is easy accessable with the external dial button. The MX3LP is the ideal choice for the beginning baitcasting angler who is looking for decent quality for an affordable price.

- 5BB baitcasting reel
- Light weight one-piece graphite frame
- 11-setting centrifugal braking system
- External accessable brake
- Ergonomic handle paddles
- Precise star drag system

Mitchell® 300 PRO Reel

The Mitchell 300 was the first ever modern spinning reel. This iconic flagship for the Mitchell brand is a blend of a modern reel featuring the latest technology and retro-cool elements. The result is lighter, smoother running... simply better! The 300 Pro version features a carbon hybrid drag that is self-lubricating, long lasting, not effected by heat build-up, and helps to reduce any spike in line tension, especially cause by an "impact" load like a hook set or head shake.

- 5.8:1 gear ratio for faster retrieve
- Self-lubricating carbon hybrid multi-disk drag system
- New Bail-Halo rotor design for superior strength
- Smoother and lighter than previous version
- 9 + 1 bearings
- Double anodized machined aluminum handle and spool
- Shallow aluminium main (braid) spool and aluminum spare spool
- New design low-profile drag knob
- Ergonomically shaped EVA handle knob

Mitchell® Full Runner MX8

Huge line capacity, free spool and still extremely compact Thanks to a new Mitchell designed compact free spool system, the new Full Runner offers carp anglers the most compact free spool reel with the largest line capacity Mitchell has made. The reel allows you to fish with a free spool function at long distance, while keeping the overall reel size as compact as a standard front drag long cast reel. With a such a short, compact body, combined with a large line capacity, the Mitchell Full Runner reel is designed to give the angler the ability to fish with a free spool system, while having enough line on the reel to get to those hard to reach fish. The ease of a compact size free spool reel, while offering huge line capacity for long distance carp fishing using the Mitchell Full Runner MX

- 7 + 1 Stainless Steel Ball Bearings - Corrosion resistant
- New compact free spool system - Resulting in a short, compact body
- Slow Oscillation for excellent line management
- Aluminum Bail - Thick aluminum bail wire design, rigid to prevent misshaping
- Aluminum Handle - Durable aircraft grade aluminum
- Ergonomic soft-touch handle knop
- Super smooth micro-adjustable free spool function
- Braid Ready Spool - Allows braid to be tied directly to spool
- Strong polymeric body

Mitchell® Avocast Free Spool

Carp anglers like to use Free Runner reels, for important reasons. This serie is based on famous Avocast reel which is a success thanks to its great features where we have added a perfect new free spool system. The ultimate tool for the avid angler you are! In addition of the 2 carp sizes, we have 2 smaller sizes which will be perfect for all sensitive fishing techniques like coarse fishing or sander fishing.

- 7 + 1 bearings including IAR
- Double anodized Aluminum spool with exclusive pattern
- Slow oscillation system
- Thick and resistant bail
- Aluminum handle and comfortable knob
- Innovative Bail Halo for superior strength
- Extremely strong advanced polymeric body
- Spare spool available separately

Mitchell® Avocet Match Reel

The Avocet Match reels have been especially designed for modern match, float and surface fishing. All types have a high gear ratio (6.0:1) for ultra fast retrieve, which results in roughly 100 cm of line per handle turn! This is incredible for a compact reel like the Avocet. They are supplied with a shallow match spool with the clever line-ID rims. The special dual line clip system (with metal clips) allows the angler to unlock the line quick and easy or to fix the line at two exact casting distances.

- Match R available in RD, Match RZ in both RD and FD, Match RZT in FD
- 6.0:1 gear ration for very fast retrieve
- One-touch quick folding handle
- Shallow aluminum spool with line-ID system
- Innovative double line clip system on spool
- Instant Anti-Reverse
- Multi-Disc Drag Greased Felt
- Soft Touch Knob

Mitchell® TRAXX R CL Spinning

Complete rod range especially developed for predator fishing covering most common disciplines and species across Europe. Traxx R is the medium priced series that offers an amazing cool finish with all-black components. This CLASSIC (R) range that offers higher casting weights and full cork handles compared to other rods in the TRAXX R range, making it very suitable for heavy duty lure fishing: when bigger lures are used and big fish are expected, the TRAXX R CL Spinning is the ideal choice!

- T30/T36 Carbon thin and sensitive blank construction
- Full cork handle design
- Anti-tangle quality guides
- All-black finish of the metal parts
- Carbon reel seat screw cap with 3K woven carbon finish
- Strong, powerful spinning rods for allround purpose.

Mitchell® Suprema 3.0 Troutista LAKE

A complete range of telescopic lake trout rods of incredible quality. The entire range (with the exception of actions 7 and 8) is equipped with a super sensitive solid carbon tip that is directly connected to the second rod part.This makes the rod bend in a consistent curve under pressure which is important to get the most out of the rod while fighting a fish. The light weight Fuji® guides used on the rods also ensure very little interference with the rods action.

- Quality Fuji® guides
- Color coded
- Designed in Italy
- High performance 3T carbon blank construction
- Sensitip Technology that combines super sensitive bait registration with incredible strength

Mitchell® Suprema 2.0 Tele Adj Comp Trout

Compt-trout tele-adjustable serie are compact light weight rods that are especially deisgned to fish for trout in difficult conditions. What makes these rods stand out is the extremely short transport length: the 8 m version is only 105 cm long when stored. Amount of sections: 3 for the 6 m, 4 for 7 m and 5 for 8 m. With these strong rods come very strong double leg Fuji guides.

- Fuji double leg guides – strong and perfectly suitable for braid
- Sensitive and robust tip thanks to 'Sensitip' technology
- Extra fast action, very powerful blank
- Light weight and strong thanks to XWrappin and Xstrenght construction
- Designed & engineered in Italy

Mitchell® Suprema 2.0 Bolentino Tele

The ultimate rod for boat fishing, able to manage bottom fishing, drifting and trolling. It comes in different lengths and casting weights, but the put-up is the same: 2 pieces and 3 tips that offer lightness, sensitivity and a short transport length. Quality Seaguide guides for durability and reliability. Also noteworthy is the ergonomic reel seat and the padded sleeve included in the price!

- Light weight, but strong blank constrcution
- Saltwater resistant Seaguide LTS guides
- Short transport length
- Including padded rod pouch
- Designed in Italy

Mitchell® Suprema 2.0 Tele Surf

Although the Surfer is designed for the casual angler, it started to really catch on with tournament anglers in the Mitchell pro team during the test phase. Thanks to its 4 m length, this rod enables you to cast very long distances. Offering unrivaled value for money is what Mitchell is known for and this Suprema Surfer rod is the perfect example of that!

- Braid Friendly SIC Guides
- Sensitive and robust tip thanks to 'Sensitip' technology
- Light weight and strong thanks to XWrappin and Xstrenght construction
- Designed & engineered in Italy

Mitchell® Suprema 3.0 SensoBeach

These beach ledgering rods have been carefully designed by our international pro team and are the ideal tool for beachfishing matches and calm conditions with little current. They combine combine surfcasting with beach quiver. The ultra light-weight and slim blank has a fast parabolic action that is combined combined with a very sensitive tip. The solid carbon tip is made using the Mitchell Sensitip technology and enables you to detect even the most cautious bites. During the long testing phase, even less experienced anglers could reach extreme distances with relatively low weight. Comes with 3 interchangeable tips with their own unique test curve.

- Slim 3-piece 30T carbon blank, extremely light weight
- High quality Seaguide anti-tangle guides
- Fast parabolic action for extreme distance casting with low weight
- 3 solid carbon tips with Sensitip Technology for sensitive bait registration with incredible strength
- Saltwater resistant components
- Designed in Italy

Mitchell® Suprema 3.0 Africa

This rod is designed for extreme heavy fishing conditions like sturgeon fishing in ponds or heavy-duty surfcasting. All features have been carefully developed to create a high performance rod like this. Heavy-duty guides, an oversized reel seat and an extra tough carbon blank that still is sensitive enough to bring absolute joy whilst fishing.

- Tough 3-piece blank for heavy-duty fishing
- High quality Seaguide guides
- 2 screw-in butt caps for comfortably fighting big fish
- Saltwater resistant components
- Designed in Italy

Mitchell® Suprema 3.0 Surf Master

The development of the Surf Master took 2 years of development and testing. A high modulus carbon blank was created that combines the right flexibility and strength with unrivaled tip sensitivity. The diameter of the rod is very thin, which makes the Surf Master slim and very reactive, making it a typical casting machine. Mitchell's SensiTip technology gives this rod a very sensitive tip, able to transfer even the most cautious bites. Complete with Fuji® guides, these casting machines could be the best quality for the price you can find out there!

- High performance 30T carbon blank construction
- Quality Fuji® KWAG guides and MNAT tip guide
- Power rear grip with Japanese shrink wrap for extreme distance casting
- Sensitip Technology that combines super sensitive bait registration and incredible strength
- Designed in Italy

Mitchell® Suprema 2.0 Feeder

NEW 2020/21

Suprema Feeders are high-profile rods made out of high modulus carbon, strengthened by Mitchell's 'X-Wrappin' technology. The rods have a fast action, a slim blank and are very sensitive. The SIC guide setting has been optimized to optimally use the perfect curve of the rod when fighting the fish. Three different carbon tips gives you a wide choice in terms of bite detection sensitivity.

- Braid Friendly SIC Guides
- Sensitive and robust tip thanks to 'Sensitip' technology
- Light weight and strong thanks to XWrappin and Xstrenght construction
- Designed & engineered in Italy
- 30T carbon

Mitchell® Traxx MX Combo

NEW 2020/21

The TRAXX MX combo is designed for modern lure fishing techniques. The fast action M24 carbon rod blanks provide a lot of power and responsiveness, making them very suitable for techniques like jigging (softbaits) or jerking / twitching (hardbaits). In combination with the 6+1 BB spinning reel / 5 BB baitcasting reel (both have lightweight graphite constructions) these combos are excellent value for the money and will provide a lot of fishing pleasure to the modern day predator angler.

- Strong and responsive M24 Carbon blanks
- Extra fast blank action
- Anti-tangle LTS guides
- Ergonomic handle grips
- 6+1BB spinning reel
- Light weight graphite body and rotor
- Super smooth rotation
- Extra rigid bail
- Precise drag setting
- Special rubber pattern handle knob for extra grip

Mitchell® Traxx MX Baitcast Combo

NEW 2020/21

The TRAXX MX combo is designed for modern lure fishing techniques. The fast action M24 carbon rod blanks provide a lot of power and responsiveness, making them very suitable for techniques like jigging (softbaits) or jerking / twitching (hardbaits). In combination with the 6+1 BB spinning reel / 5 BB baitcasting reel (both have lightweight graphite constructions) these combos are excellent value for the money and will provide a lot of fishing pleasure to the modern day predator angler.

- Strong and responsive M24 Carbon blanks
- Extra fast blank action
- Anti-tangle LTS guides
- Ergonomic handle grips
- 5BB baitcasting reel
- Light weight one-piece graphite frame
- 11-setting centrifugal braking system
- External accessable brake
- Ergonomic handle paddles
- Precise star drag system

Ugly Stik® Elite Boat Rod

Ugly Stik Elite rods place themselves above the extremely popular and successful Ugly Stik GX2 rods in price point. The perfectly balanced, light weight slim blanks with refined actions and top spec components justifies this higher price. Also we have matched our famous Ugly Tech blank construction with the new Saltwater Resistant Ugly Tuff stainless steel guides – what a combination that makes these boat rods virtually indestructible!

- Long tip / Short butt design
- Ugly Tuff Guides throughout
- Ugly Tech blank
- Ugly Stik 7 year warranty
- Full EVA hande with Ugly Stik logo etched on butt handle
- Heavier 30-50 lb and 20-30 lb version supplied with butt gimbal

Shakespeare® Agility 2 Long Surf

The 2-4 oz version is designed to give maximum casting range with lighter weights and lower diameter braid and mono lines. This lighter casting weight offers outstanding bite detection, but also has power in the mid section and butt to handle bigger fish. The more powerful 4-8 oz version will is designed to cast heavier leads and baits at maximum range. Both versions are 15 ft in length and this makes them easy ultra long range casting rods best macthed with fixed spool reels, light braid or mono lines with a shock leader. Perfect for targeting flatfish, whiting, cod, bass, rays and more over clean and mixed rough ground and for general beach fishing when after flatfish, whiting, bass and sole.

Shakespeare® Agility LRF

In recognition of this fast expanding form of fishing Shakespeare have introduced two new LRF rods in to their highly popular Agility range of saltwater rods. The lightweight, slim blanks feature supple ultra responsive tip sections for maximum bite detection, but with power then phasing in progressively designed to feed vital information straight back in to the hand. This allows you to literally "feel" the lure over the ground as you seek out where the fish are lying, but also to fully work light lures with the minimum of hand movement. Available in ideal lengths of 6'9" casting 0.5 to 7 g, and 7' rated to cast 5 to 15 g, the Agility LRF rods are ideal for all forms of LRF fishing.

- Slim Carbon Blank
- Zirconium Oxide Guides (ZOG)
- Comfortable ergonomically shaped reel seat
- Senitive built in quiver tips
- Spigot Joints

Shakespeare® Omni Kayak

This rod is specifically designed for the Kayak angler. The rod offers good bite detection, but concentrates blank power in the mid-section and stiff butt making it easy to fight big fish from a seated position. The shorter class rod is designed for general kayak fishing when targeting a wide range of species. Again it has a sporting long tip/short butt action allowing fun with smaller fish, but stiffens quickly to offer power when fighting bigger fish directly below the kayak.

Ugly Stik® GX2 Kayak

Two Ugly Stik rods specifically designed for the Kayak angler. The rods give good bite detection, but concentrate blank power in the mid-section and stiff butt making it easy to fight big fish from a seated position. The shorter class rod is designed for general kayak fishing when targeting a wide range of species. Again it has a sporting long tip/short butt action allowing fun with smaller fish, but stiffens quickly to offer power when fighting bigger fish directly below the kayak. Features the world famous Ugly Stik blank technology, Ugly Tuff guides and lightweight graphite reel seat.

- Ugly Tech Blank construction
- Ugly Tuff guides
- Sensitive clear tip
- Laser ettched EVA handle
- 7 years Warranty

Shakespeare® Agility Drop Shot

With a sensitive, crisp action and light in the hand, these rods are great fun to use, and perform in both fresh and saltwater. Drop-shotting is rapidly rising in popularity in the UK, and if you've never tried it, now is your chance! Specifically designed for this finesse lure fishing tactic, the white tip on our new Drop Shot rod is a handy feature, helping you detect bites in lowlight levels. Drop-shot fishing is also becoming popular in saltwater and this rod will also be used by sea anglers targeting bass from boats using the drop-shot technique.

- Modern fast and progressive actions
- Comfortable DPS reel seat
- Zirconium Oxide guides
- Satin Matt blank finish
- White glazes tip

Shakespeare® Agility Predator Spin

Apart from heavier freshwater applications the 8 ft 30-80 g and 40-100 g versions will also see favour with sea anglers looking to cast big heavy lures near to man-made structure for bass and pollack when boat fishing. Also for working jigs for coalfish and pollack over reefs and wrecks. The 9 ft 30-80 g is an extremely versatile rod and will work well for general pike spinning as well as being an awesome modern game spinning rod for salmon and sea trout. It's also the perfect choice for sea anglers looking to target bass and pollack with spinners from rock ledges where its power and length adds increased casting distance, with the ability to play big fish hard and keep them away from inshore snags.

- Modern fast and progressive actions
- Comfortable DPS reel seat
- Quality EVA shaped handles

Shakespeare® Cypry Carp XT FS

This range includes two price points: Cypry and Cypry XT. Both price points provide exceptional value and quality and cover the key sizes required by modern carp fisherman. The 40 sizes are great when fishing for smaller carp with feeder techniques and also cross over as great specimen reels for barbel and tench fishing. The 60 size is the standard for most specimen carp tactics for short to medium range work. The 80 size reel features a long cast style spool for fishing at longer ranges and heavy duty work as well as for spodding.

- 4+1 bearing system
- Reliable and smooth grease felt drag system
- Large diameter bailwire
- Aluminum main spool with 12 lb mono
- Graphite spare spool
- Graphite reel handle
- Proven reliability

Shakespeare® Salt Beach Rest

An innovative designed beach rest that is packed with special features and offers the angler the ultimate in stability. Constructed from lightweight powder coated aluminium with angular central section and rounded legs, this Salt Beach Rest is robust, yet compact at its closed length of 1.25 m. The unique slide and lock stabilising arms ensure the most stable of fishing stations in all conditions.

- 2 piece central angular bar with spike extending to 7'/2.04 m.
- Round section telescopic legs with neat click-lock adjusting mechanisms. Both legs clip to main bar for storage.
- 2 adjustable side stabilising arms.
- 2 sliding adjustable butt caps.
- Unique rod rest head design.
- Supplied in a robust carry case with two velcro secured external pockets for rod rest and butt holder.
- Weighs only 2.70 kg.

1278765	PENNEL RIG	4/0	1	30 lb | 13.6 kg	10	I246	**3,69 €**

Shakespeare® Salt Sea Rigs - Pulley

When a fish is hooked, the weight slides upwards towards the connector swivel lifting it clear of snags.

- Ideal for targeting cod, bass and other rock dwelling species at close, medium and long range

- Mainline: 70 lb
- Hook length: 30 lb
- Hook size: 3/0

SAP						T-CODE	RRP
1278766	PULLEY RIG	3/0	1	60 lb | 27.2 kg	10	H173	**2,59 €**

Shakespeare® Salt Sea Rigs - Bomber

Designed with a long hook length at the top and a shorter hook length at the base to vary presentation as the baits naturally move in the tide. Both hooks clip into a bait shield to maximise casting range.

- A proven long range surf fishing rig
- Ideal for targeting codling, plaice, flounders, dabs, whiting and sole.

- Mainline: 50 lb
- Hook length: 25 lb
- Hook size: 2

SAP						T-CODE	RRP
1278768	BOMBER RIG	1	1	60 lb | 27.2 kg	10	C246	**3,69 €**

Shakespeare® Salt Sea Rigs - One Hook

A streamlined clipped-down rig designed for long range casting when targeting cod, bass, big whiting and rays.

- Mainline: 60 lb
- Hook length: 30 lb
- Hook size: 3/0

SAP						T-CODE	RRP
1278769	ONE HOOK RIG	3/0	1	60 lb | 27.2 kg	10	Y173	2,59 €

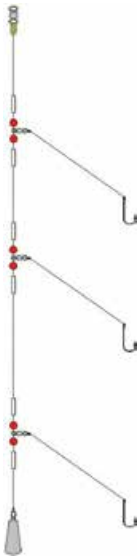

Shakespeare® Salt Sea Rigs - Two Hook

Designed with the two baits clipped-up to achieve maximum casting distance, but instantly release when the rig hits the sea. Allows two different baits to be fished close together to target a wider variety of species.

- Ideal for medium to long range fishing for flounder, dabs, plaice, whiting, sole codling and bass

- Mainline: 60 lb
- Hook length: 25 lb
- Hook size: 2

SAP						T-CODE	RRP
1278770	TWO HOOK RIG	2	1	60 lb | 27.2 kg	10	L246	3,69 €

Shakespeare® Salt Sea Rigs - Three Hook

Most popular all-round rig for general fish. Used at close to medium range when surf fishing, but also when casting off piers and breakwaters. Will take virtually all species.

- Ideal for medium to long range fishing for flounder, dabs, plaice, whiting, sole codling and bass

- Mainline: 60 lb
- Hook length: 25 lb
- Hook size: 2

SAP						T-CODE	RRP
1278771	THREE HOOK RIG	2	1	60 lb | 27.2 kg	10	C246	3,69 €

Shakespeare® Salt XT Flatfish Pro

The Shakespeare Flatfish Pro Rig is the perfect rig for beach fishing for flatfish. The rig is very strong and can be used for a wide variety of conditions. The blue version features metal booms while the plastic version features plastic booms. These rigs also have luminous beads for extra attraction.

- 6 available options
- Sea rig with 3 hooks
- Metal or plastic booms
- Breaking strain main line: 60 lb
- Breaking strain hooklength: 20 lb
- Luminous beads
- Strong and robust
- Ideal for beach fishing for flatfish

Shakespeare® Salt XT Bottom Hugger

The Shakespeare Bottom Hugger Rigs have been weighted with a lead. This allows you to use the rig even in strong current. The rig can be used for different applications from the beach. The hooklengths are attached to the metal booms with small rotating swivels to prevent line twist. The short length of the hooklengths makes these rigs extra effective!

- 3 available options
- Bottom rig with 3 hooks
- Weighted metal booms
- Rotating swivels
- Designed for bottom fishing
- Sturdy and robust
- Can also be used in strong current
- Weighted with a lead
- Ideal for beach fishing

SpiderWire Stealth® Smooth8

SpiderWire® Stealth® Smooth x8 braid offers a smooth, soft feel without sacrificing strength, sensitivity, or diameter. Stealth Smooth x8 is tightly woven with 8 carriers of PE fiber to create a tight, round braid that is Smooth for quiet casts.

- Coated with a thin layer of a highly durable, microcrystalline polymer for a thin diameter
- Knots clinch effortlessly and securely
- Soft and limp braid designed for long and effortless casting
- 8 Carrier, tight weave

SpiderWire® Dura 4

SpiderWire® DURA-4 Braid is a durable and reliable 4 carrier conventional braid offering superior value to the consumer. Dura-4 is available in Low-Vis Green, Hi-Vis Yellow and Translucent and has a slick coating for effortless casting.

- Great value 4-carrier braided PE Line
- Very strong on diameter
- Near zero stretch for Spider-sensitivity
- Ideal braid for cutting through weeds and thick vegetation

JRC® Extreme TX Bivvy 2-Man

The best just got better! The Extreme TX Bivvy represents the next generation of our legendary TX Shelters, offering best in class quality and superb protection against the elements. The zip off front panel can be adjusted to three different door settings which allow for a change in wind direct without moving the entire bivvy. The large front and rear vents along with the PVC door and window panels also makes this bivvy very adaptable to the different weather conditions anglers face. Overwrap available.

- 20000 mm HH Hydra-Tex® material
- High performance 2 rib structure
- Optimal foot-print / inner space ratio
- Peak system
- Zip-out front
- 2-way door construction with 3 door options (clear, green, mozzy)
- Long-life HD PVC groundsheet
- Large vents protected by anti-leak storm baffles
- High performance zips
- Taped seams

JRC® Cocoon 2G Universal Porch

This unique porch system extends to fit any sized bivvy, offering a large living and cooking area that is perfect for longer sessions. Thanks to the clever design the height of the porch can be adjusted to fit either a compact 1-man bivvy or an oversized continental dome. It offers enough room for multiple people to sit in and lends itself very well to accommodate extra guests during the night. It´s also ideal to use as a cooking area. When the weather is bad, the porch enables you to change out of wet clothing and boots, with enough space to stand upright helping keep the sleeping area from getting wet and dirty.

- 10.000 mm HH 210D 100% nylon outer skin
- Ultralight 6061 aerospace grade rigid aluminium poles in a non-glare titanium grey finish
- Adjustable height
- Multi position zip door with mosquito mesh
- Clever bivvy-connect system that fits most tent sizes on the market
- Rigid aluminium tension poles
- Including strong carrybag & HD steel pegs
- Dimensions: W 220x D 305 x H 165 / 178 / 190 cm

JRC® Easy Rider Extreme

This barrow has all the features you need, 2 side pockets for bait boat batteries or water bottles, and also a large storage bag, set low to ensure that the centre of gravity is kept low for maximum manoeuvrability.

The bag is ideal for storing the wide track wheel when transporting the barrow in your vehicle. It also has 2 small quick access side pockets for valuables such as your keys or

phone, extendable front and side bars, and is fitted with our unique, 'fold flat/stay flat' transport design, courtesy of our clever use of

magnets. Comes supplied with custom fit rain cover and 2 luggage straps for safe transportation on the bank.

- 3 barrow bags included: 2 on each side of the wheel, ideal for bait boat batteries and water bottles
- 1 bag at the back for bigger tackle items and for the wheel when storing
- extending side and front frames
- strong steel construction
- folds fully flat and kept toggether with magnets
- supplied with 2 straps
- wide wheel for more stability
- inculding rain cover
- small quick access pocket on bigggest bag for phone and keys
- 600D 100% polyester, steel

JRC® Cocoon 2G Barrow Wide Wheel

The Cocoon 2G barrow is designed with a quick and easy fold in/out system for rapid set up and pack down, to make the most of these extra minutes on the bank. The adjustable front and side bars allow for a large loading surface to fit several days kit on to ensure you only need one trip to the swim, yet it packs down to a low profile for easy storage. The wide wheel design with deep tread makes the barrow more stable and allows it to grip into soft surfaces to prevent slippage. Still states "extra wide" - better to replace with "wide wheel design"

- Rapid set up and pack down time
- Low pack down profile for easy transport and storage
- Large loading surface with adjustable front and sidebars
- Wide wheel design for extra grip and stability
- Clever wheel positioning for optimal weight distribution
- Moulded handle grips with profile for secure grip
- Rear leg assembly with JRC custom moulded mud feet
- Fold-down front bar to support bulky luggage.
- Dimensions:1490 x 850 x 440/850
- Transport Dimensions: 950 x 885 x 260 mm

JRC® Radar XTX 3+1 Set

NEW 2020/21

The new RADAR XTX alarm system is a huge step up for JRC alarm technology. With LED tech that allows you to identify a forward run or slight drop back, with directional LEDs you won't be in doubt next time your alarm sounds. Adjustable tone, sensitivity and volume allows you to tailor your alarm set up to your specific needs and the conditions your're faced with. The innovative lighthouse function allows you to pinpoint your spot when setting a rig or baiting up from a boat and allows for discreet and unintrousive line of site to get you back to the bank safely. The vibrate only function gives you discretion when trying to be covert on pressured or public waters or when fishing under the rod tip.

- Run/Dropback LED technology
- Lighthouse function for navigation at night
- Vibrate only function
- Extralong screw thread
- 6 LED colour options
- Powered by 2 x 1.5v LR1 batteries
- 150 m+ range
- All weather proof

JRC® Radar DS Swing Indicator

JRC introduces a revolutionary illuminated indicator that is available as both a swing indicator and a hanger. The latest micro-programming has made it possible to change the colours of the LED´s and adjust the brightness of the light. This enables you to personalise your indicator and adapt it to any specific situation. Thanks to the clever design, the indicators are extremely easy to set-up so that you don´t lose any valuable fishing time. Due to the adjustable weights, the Radar DS Indicators are perfect for short range and long distance fishing.

- Designed and engineered in England
- Hockey stick with quick-connect system
- Magnetic free running line clip
- Clever aerodynamic profile
- Adjustable multi-colour high performance LED's (R, G, B, Y, P, W)
- Adjustable brightness of the LED's
- Aerospace grade aluminium swing arm
- Add on weight system
- All weather design
- Powered by the alarm unit

JRC® Kurve Indicator System Sets

Introducing one of the most versatile indicators available today. The Kurve Indicator features an articulating head and unique line clip system which can be set to grip the line or allow it to run freely. These two key factors mean that the Kurve can be adjusted to be incredibly sensitive at picking shy bites or adjusted to minimise false bites caused by wind etc. Thanks to the flattened surface of the Kurves body, the indicator can be positioned flat on the ground when fishing slack line, again increasing sensitivity and decreasing false wind related bleeps. Five colour lenses are included so you can 'pimp' your Kurve up and, with both a chain and swing arm you can tailor the indicator to your preference. Don't settle for less indication – go for the Kurve!

- Designed and engineered in England
- Clever hinging indicator body
- Unique line grip or free running clip
- Black ball chain
- Rigid swing arm with a unique integrated metal aligner system
- 5 clip-on lenses, each with a different appealing colour
- Beta-light slot behind the colour lens
- 2 additional add on weights
- Supplied EVA case

JRC® Cocoon 2G 42"LongReach Landing Net

A long reach version of the proven Cocoon landing net that is a great tool for conditions that require a longer reach. The 3 piece, dual grip handle means it can be used in its long form (idea for zigs), standard length or short form - for boat or stalking use. Can we substantiate that it is "ideal" - less risky to replace with "great".

- Designed for situations that require longer reach
- Extra long 3 piece carbon composite handle (total length 2.8 m)
- Great for landing fish on long zigs
- Can be used as a standard 1.8 m handle or as a short 0.9 m boat net
- Dual shrink rubber grips for use at different lengths
- Custom designed heavy duty nylon speader block
- Carbon arms and soft green mesh
- JRC's Magnetic mesh retainer system
- Compact pack down size
- Durable, coated and non-stretch tension cord
- Isotope slot
- Dimensions 3840 x 1070 mm
- Transport dimensions 1150 x 160 mm (packed in bag)

JRC® Cocoon 2G Hi Care Mat

We believe this is our best mat on the market! The folding system means it can be (set up or) packed away quickly leaving a low profile design that is easy to store. The hinge system allows us to use an extra think mattress for great fish protection. Once packed away this mat is self contained without the stink bag.

- New rapid fold out design that takes up less space than it's predecessor during transportation and storage
- Extra thick high density foam filled mattress for great fish protection
- Clever hinge in mattress to create a flat fold
- High density foam filled walls with PE board to keep it upright
- Perforated rubber mesh lid and base for quick drainage and safe fish retention
- Carry handle with Velcro wrap over hand grip
- Suited for fish up to 65 lbs/30 kg,
- 420D nylon construction with heavy duty Velcro retaining system in removable mattress
- Anti-stink bag included for clean transportation
- Reflective rim to easily locate in the dark
- Dimensions: 1140 x 600 x 260 mm

JRC® Cocoon 2G Auto Retainer

The Cocoon Auto Retainer is designed to prevent trip hazards by retaining the sling/sack cord in the housing with the use of spring loaded mechanism, this increases the safety of the fish between water and mat. The cord can stretch to 4.5 metres, but can be locked as shorter distances. By pressing the thumb lock the sling/sack and fish will be draw towards the bank automatically and the cord stored in a tangle free state until next use.

- Spring loaded retraction system for tangle-free storage & transportation
- Auto retrieves the sling/sack/fish from the margins
- No loose cord on the bank helps to prevent trip hazards to increase safety of carried fish
- Length of cord adjustable at various lengths to prevent excess chord on the bank or in the water
- Strong 4.5 m long cord with metal quick-connect clip
- Clever bank stick fixation system
- Lightweight and compact design
- Strong moulded ABS housing - 220 g/8 oz
- Dimensions 145 x 108 x 35 mm

JRC® Stealth Sunglasses

NEW 2020/21

1531284

1531285

1531286

1531287

JRC sunglasses are the ultimate fishing sunglasses for carp anglers who are looking for the best possible materials at an affordable price. The lenses are all polarized shatterproof polycarbonate and feature an hydrophobic coating that reduces water spots and makes for much easier cleaning. The lenses reduce glare significantly, making sure you can spot every carp at all weather conditions. As well they provide maximum UV protection, making sure your eyes are protected. The anti-reflective back coating reduces glare reflecting off the back of the glasses which reduces eye strain. The frames, made out of a high degree of bio material, are very comfortable and are especially designed for wearing the glasses during a long day of fishing without getting discomfort.

- Shatterproof polarized polycarbonate lenses
- Hydrophobic coating on lenses to reduce water spots and for ease of cleaning
- Anti Reflective back coating - reduces glare off back side of lens for more comfortable vision and less eyestrain
- Decentered lenses for superior optics
- Frames are made from more than 50% bio material which reduces CO2 emissions and is better for the environment.
- All sunglasses come with microfibre inner case which can be used for cleaning lens and hard outer case.

Greys® GR80 Fly Rods

The Greys GR80 Rod range has been massively upgraded with the introduction of 3M Powerlux 1000 resin into its high modulus carbon construction. Lightweight, refined actions combined with increased strength and impact resistance result in a range of rods to meet the demands of all river and stillwater anglers.

- Powerlux 1000 resin & high modulus carbon construction
- Custom Greys reel seat with dual locking rings
- AAA cork handles
- Section line up marks
- Hard partitioned rod tube

Greys® Platinum Shooting Head System

The slick new series of speylines from Greys incorporate an innovative taper for high speed energy transfer leading to tight dynamic loops. A casting head of around 4 times the length of the rod ensures ease of casting along with perfect presentation at both long and short range. The line comes with a welded loop and is designed to work well with poly tips. The kit consists of a 90 feet (27 m) running line, floating or intermediate body and three tips (3,6 m), floating, intermediate, and sinking

- Lengths in the table is the head lengths
- Practical short casting head
- Tough loop to loop sink tips (Floating, Intermediate and Sinking
- Slick running line with large welded loop
- Dynamic taper leading to high energy transfer
- Varied depth control
- Easy turnover of larger flies

Greys® G1 Sunglasses

Greys sunglasses are the ultimate fishing sunglasses featuring the best possible materials at an affordable price. All of our frames contain a high degree of bio material, which has a much lower carbon footprint. The lenses are all polarised shatterproof polycarbonate, and feature a hydrophobic material which reduces water spots and makes for much easier cleaning. The lenses reduce glare significantly, provide maximum UV protection, and the anti reflective back coating reduces glare reflecting off the back of the glasses which reduces eye strain.

- Shatterproof polarized polycarbonate lenses
- Hydrophobic coating on lenses to reduce water spots and for ease of cleaning
- Anti Reflective back coating - reduces glare off back side of lens for more comfortable vision and less eyestrain
- Decentered lenses for superior optics
- Frames are made from more than 50% bio material which reduces CO2 emissions and is better for the environment.
- All sunglasses come with microfibre inner case which can be used for cleaning lens and hard outer case.

Greys® Xlerate Spod & Marker

The Greys XLERATE S+M Hybrid rods are the finest application rods money can buy. Built with the lightest high modulus carbon fiber with both stainless and titanium fittings; allow these rods to be used for extended periods without fatigue. 3M Powerlux 1000 nano resin gives these rods incredible strength. Their unique action has been specifically developed with a stiff tip for sensitive feedback whilst feature finding. It then blends into progressive power release in the lower two thirds of the rod blank. This minimizes your effort for repeated casting and allows the rod to handle spods of all sizes without becoming overloaded. Both rods are easily capable of outranging your standard fishing rods whilst still being easy to compress with good overhead casting techniques.

- 3M Powerlux 1000, Nano resin carbon construction
- Lightweight 1k carbon weave throughout
- Advanced Hybrid progressive power action
- Carbon Armour blank finish
- 100% Carbon / Fuji DPS18 Hybrid reel seat
- G-Lite XR D.L. Black Edition Stainless/Titanium ringing pattern
- 50 mm distance ring pattern with Anti-Frap tip ring
- 12" and 24" depth markers
- Supplied with Greys neoprene tip and butt protectors with EVA stopper
- Laser engraved stainless steel butt cap

Greys® Prodigy Apex

The Prodigy Apex can be best described as the ultimate Prodigy carp rod. The redesigned rod blank is built with Toreon nano composite material technology. This not only makes the blank incredibly slim and lightweight but also gives it increased strength and finesse. The rod action has been specifically designed to get the best out of modern, powerful, overhead casting styles and Toreon technology allows for a super fast tip recovery speed; giving the rod a crisp and responsive feel normally associated with ultra high end carp rods. Of course you'll still find the smooth progressive Prodigy action that cushions lunging fish yet gives plenty of power and control when you need it. The sublime woven carbon finish is 2k on the butt and 1k on the tip and features our durable Carbon Armour blank finish. Sleek form and function are provided by the Fuji DPS-18 reel seat, stealth black anodised collars, slim shrink wrap handle and balanced stainless butt cap.

- Toreon® Nano Composite construction
- 2K-1k high modulus woven carbon fibre blank
- Crisp progressive action
- Carbon Armour blank finish
- Fuji DPS-18 reel seat
- Full Japanese shrink wrap handle

Greys® Prodigy GT4

The Prodigy GT4 is the fourth generation of the class leading Prodigy carp rod platform. With a completely redesigned blank incorporating high modulus woven carbon fibre we've taken performance up a notch. The smooth progressive action that the prodigy is famous for has been retained with some subtle tweaks to bring it bang up to date for current tactics. Whether it's punching leads and PVA bags out to the Horizon or battling hard fighting fish at close quarters, the Prodigy GT4 will keep you in control. The butt and lower tip section features full 3k woven carbon with our Carbon Armour blank finish. Sleek Fuji DPS-18 reel seat, stealth black anodised collars, slim shrink wrap handle and laser etched butt cap.

- 3k-UD high modulus woven carbon fibre blank
- Classic Prodigy progressive action
- Carbon Armour blank finish
- Full Japanese shrink wrap handle
- Fuji DPS-18 reel seat
- G-Lite guides (black edition)

Greys® Prodigy Umbrella

A super lightweight umbrella weighing just 2 kilos, which is nearly a kilo lighter than many fishing brollies, but this is also a sturdy well-made product. All of the fibreglass ribs have reinforced contact points with the main PU coated nylon cover, and taped seams to prevent water seepage. Offers a wide span of 210 cm/6.9 ft and the telescopic centre pole extends up to 212 cm/6.95 ft. Also features a quick to use partial tilt mechanism, along with a full tilt facility by unscrewing and relocating the centre pole.

- Lightweight system at just 2Kg
- Sturdy, fibreglass ribs
- Robust, PU coated nylon material
- Taped seams

Greys® Prodigy Klip-On Unhooking Mat

Made from super soft, well padded 210D waterproof fabric, this medium Prodigy Klip-On Unhooking Mat offers a safe, compact surface for you to unhook even the liveliest of fish on. It has pegging points in each corner and is roomy enough for you to kneel on – without the need for extra extensions. There are two 30 cm long elasticated loops for storing the mat away in rolled up form, plus two unique Klip-On adjustable webbing straps, which allow it to be attached to Prodigy bags and rucksacks. The attachment straps are housed in discrete storage pockets, so they can be tucked neatly away while the mat is in use. Another bonus feature is a shallow tool pocket, ideal for keeping your forceps or various disgorgers in.

- Elasticated loops for storing rolled up
- Webbing straps to attach to Prodigy bags and rucksacks
- Storage pocket for straps
- Shallow tool pocket and pegging points in each corner

Fin-Nor® Marquesa™ Lever Drag 2 Speed

The Fin-Nor "Marquesa-2-Speed" multiplier was crowned best new multiplier reel atthe EFTTEX European fishing tackle trade fair in Amsterdam in June 2011, where itwas also presented to the public for the first time. The reel, which is CNC-machinedfrom an aluminium block, impresses with its high gear ratio but can also be used in it low-gear-ratio second speed for heavy duty requirements. Such requirements are also supported by the CNC-machined, over-sized gears and the drag with carbon discs asfound in really large big-game multipliers. At just over 800-950 grams in weight, the Marquesa-2-Speed is best suited to stand-up fishing and can be used for various other sea angling techniques. Packaging this technical marvel in eye-catching silver and gold is sure to assist its popularity.

- Housing produced in aluminium to be completely distortion-free
- Finely adjustable lever drag with carbon drag discs
- Stainless steel handle
- Gears made from a super-hard stainless steel alloy
- Second power speed with 3.1: 1 gear ratio
- Continuous anti-reverse

Fin-Nor® Marquesa™ Lever Drag Reel

The ultimate offering of precision, strength and refine¬ment: Marquesa is ideal for fishing the new, thinner braid¬ed superlines in a platform design that is lighter, faster, and stronger than anything you've ever seen on the water. Marquesa is precision-machined from 6061-T6 aluminum. Marquesas are the perfect reels for tourna¬ment fishing or stand-up fishing with newer, stronger lines and fishing techniques. Marquesa is big fish stopping power in a very refined package.

- Housing produced in aluminium to be completely distortion-free
- Ergonomically designed handle knob for optimal power transfer
- Dial-adjustable clicker tension

Fin-Nor® Primal Lever Drag Reel

1531240, 1531242

1531241, 1531243, 1532105

The design of the Fin-Nor Primal disc-drag reels continues a family tradition in saltwater multipliers. The Primal series includes two new very small sizes, which primarily cater for fishing with very thin yet strong braided lines. This means the reel is no longer like a heavy brick on the rod and the angler can enjoy limitless pleasure on the water. The power of these mini-marvels is simply incredible. The Primal also impresses with extraordinary line retrieval.

- Aluminum body and sidecovers
- Finely adjustable lever drag with carbon drag discs
- Extra large, secure grip handle knob
- Super-hard brass transmission components
- Rapid line retrieval
- Continuous anti-reverse
- Saltguard multi-layer housing coating

Fin-Nor® Offshore™ Spinning Reel

NEW 2020/21

When it comes to landing truly giant fish, delicate reels are not the order of the day. Lightweight reels and smooth gear actions are just not on the shopping list. What the angler needs is a reel that will never let him down. The Fin-Nor Offshore is the fighting machine that ticks all the boxes. This is no fashion accessory, it is a no-frills powerhouse. In contrast with the size #95 version, the new model (size #105) with its simply incredible line capaci¬ty has a manual bail arm.

- Aluminium body and sidecovers
- Oversized multi-stack Offshore drag system
- CNC stainless steel handle
- Large line roller with anti-twist system
- Robust bronze and stainless steel gears
- Aluminium spool
- S-curve line distribution
- Multistop anti-reverse clutch
- External catch prevents bail arm from closing on the cast

Fin-Nor® Lethal™ Spinning Reel

The Fin-Nor Lethal has earned its rightful place in the Fin-Nor range of fixed-spool reels. Available in four sizes, this workhorse covers a range of applica¬tions in sea angling. The reel contains no delicate components, and comes with an anti-reverse that cannot be disengaged. Excellently suited to catfish, predator and sea angling.

- Ultra-strong aluminium housing, sideplates and rotor
- Finely adjustable, protected Magnum CSC™ front drag system (car¬bon drag discs)
- Oversized handle knob for optimal power
- Continuous anti-reverse
- MegaShieldTM multi-layer coating

Van Staal® VR Series Bailed Spinning

NEW 2020/21

1531201

1531200, 1531202, 1531203, 1531204, 1531205

Superb new Van Staal fixed spool reel series, called Van Staal VR, featuringfully-machined 6061-T6 waterproof aluminum body, sealed and waterproof drag system, spiral-bevel drive gear and pinion, MicroClick™ drag tuningaccuracy, solid stainless steel center shaft with a titanium nitride ceramic coating to lower the friction coefficient, reduce wear under pressure and improve life expectancy of the reel. Comes with a kit for bail-less conversion.

- Rotor produced in aluminium to be completely distortion-free
- CNC-machined aluminium housing frame and side elements
- Oversized multi-stack Offshore drag system
- CNC stainless steel handle
- Titanium-nitride-coated line roller
- Thick bail arm for optimal balance
- Gears made from a super-hard stainless steel alloy
- Continuous anti-reverse

Paper twisted handle bag

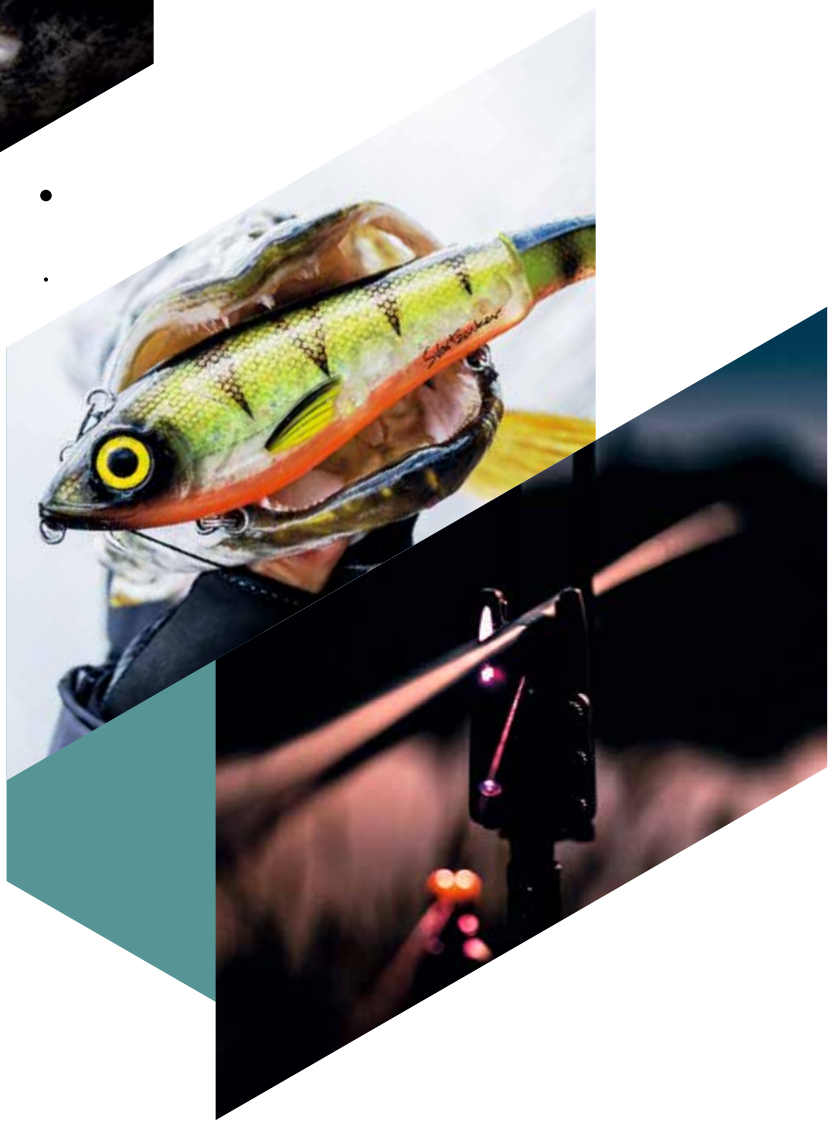

Paper bags are high on everybody's agenda right now, and it is important for all that we make some more environmentally friendly changes as much as we can. We all need to leave less of a footprint on our Earth, and keep the environment as healthy as possible! It is true that sustainable carrier bags cost slightly more than plastic, but distributing the weight of an elephant in terms of plastic bags per year, is clearly impacting the planet and paper bags are less likely to be a source of litter and pose a risk to wildlife including in our waters.

As a leading fishing tackle company, we want to reduce that waste as much as possible and with your help, make a difference. Therefore, from now on we want to bring 100% reusable, recyclable and biodegradable paper bags to your stores.
We have decided to collaborate with a certified eco-friendly bag manufacturer in Europe and change our regular plastic bags into twisted handle carrier paper bags. Our selection of bags is as strong as we could get them, in order to continue to be the perfect option for anglers when purchasing their fishing equipment.

- 100% reusable, recyclable and biodegradable paper bag
- 2 sizes: Small & Large
- 2 types of bag – Berkley®/Abu Garcia® on either side, and Penn® Spiderwire® on either side
- Brands cannot be chosen, each order will be random, only the size can be chosen
- Made in Europe
